

CELEBRATING GLORIOUS 70 YEARS OF BIT MESRA, RANCHI

WORKSHOP ON FRONTIERS OF RESEARCH IN APPLIED ECONOMETRICS AND PUBLIC POLICY

24TH-25TH APRIL, 2025

ABOUT THE WORKSHOP:

The Centre for Quantitative Economics and Data Science (CQEDS), BIT Mesra is organizing a two-day Workshop as part of the Institute's 70 years celebration. This event will expose research scholars, faculty, and students to contemporary Econometric techniques applied to various fields of Economics and Public Policy.

With rapid advancements in data analytics and econometric methodologies, this Workshop will explore their role in solving economic challenges related to financial development, inequality, and well-being. The increasing availability of big data and computational tools presents an opportunity to enhance policy analysis and decision-making at both local and national levels.

The Workshop will provide a platform for knowledge exchange through invited lectures, hands-on demonstrations, and research paper presentations. Renowned economists will share insights on Applied Microeconomics, Labor Economics, Health Economics, Financial Analysis, and Open-Economy Macroeconomics.

This Workshop aims to foster research collaborations, particularly benefiting scholars from Jharkhand and neighboring states for advancing the use of Econometric tools in Public Policy analysis.
