5 DAYS · SHORT TERM TRAINING PROGRAMME (STTP)

Generative AI for Managerial & Academic Productivity (GAIMAP)

December 7 – 11, 2026

Organized by

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

Lalpur Unit, Ranchi

DATE	TIME	MODE	SEATS
Dec 7 – 11, 2026	10 AM – 5 PM	Offline (In-person)	50 maximum

ABOUT THE PROGRAMME

This five-day **Short-Term Training Programme (STTP)** moves beyond the basics of Generative AI and focuses on its **practical, real-world applications** in teaching, research, academic administration and business.

Participants will learn how to **use Gen AI as a productivity and decision-support partner** — from creating engaging teaching resources and accelerating research work to streamlining academic tasks and solving business problems.

The programme combines **conceptual insights with live demonstrations and hands-on practice**, enabling participants to move from *knowing about Gen AI* to **confidently applying it** in their own academic and professional work.

OBJECTIVES OF THE WORKSHOP

1	Develop a practical understanding of Generative AI and Large Language Models
2	Build competency in effective prompting and AI-assisted workflows
3	Develop skills for AI-assisted analysis, content creation and decision support
4	Develop practical AI-assisted solutions for managerial and academic tasks and business processes
5	Encourage responsible use of AI with due attention to accuracy, privacy, copyright and academic integrity
