# DROID TROOPER

## Event Details

**Event:** Droid Trooper

**Club Name:** Robolution

**Category:** Flagship

**Timing:** Round 1: 9 AM – 11:30 AM, Round 2: 12 PM – 3 PM

**Venue:** IC ARENA

**Faculty Advisor:** Dr. Binay Kumar

## Description

Where speed meets precision and innovation knows no limits! Droid Trooper is an inaugural robotics event of the Robolution Club, BIT Mesra, aimed at evaluating participants' technical abilities, imagination, and problem-solving skills.

In this event, teams create and construct autonomous or remotely controlled robots capable of traversing a multi-zone mission course. The competition venue is segmented into zones with distinctive challenges like slope ramps, angular routes, and zigzag corridors. Robots will be judged on efficiency, accuracy, and minimal penalties.

Independent scoring for autonomous and manual modes encourages innovation in programming, sensors, and mechanical design. Participants must reconcile speed with stability, ensuring their robots can adapt to different terrain and obstacles while completing mission tasks.

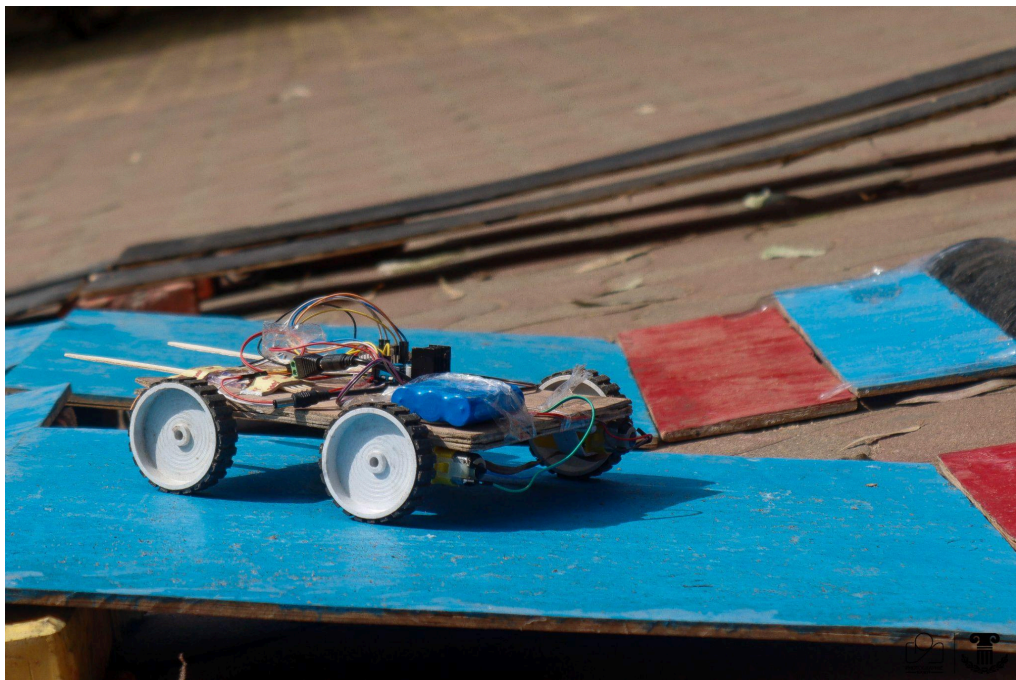

## Winners

# JUNGLE JOUST

## Event Details

**Event Name:** Jungle Joust

**Club:** EPAC

**Category:** Informal

**Faculty Advisor:** Dr. Neeta Kumari

**Venue:** Room No. 233A & 234

## Description and Rules

The event "*Jungle Joust: BGMI Reforest Rampage*" merges competitive gaming with environmental preservation. Participants in the BGMI tournament compete for kills, with each kill resulting in a tree being planted in a reforestation area.

- **Round 1:** Intense solo and duel matches.
- **Round 2:** Top three finalists compete in custom squad matches.

Live-streamed matches engage a global audience, highlighting the unique concept of virtual achievements leading to real-world environmental impact. Additional ideas include eco-themed in-game elements, interactive reforestation updates, community involvement, and educational segments, making this event an innovative initiative at the intersection of gaming and environmental stewardship.

## Winners

# EXHIBITIONS

# SRIJAN SPEEDXPO EXHIBITION

## Event Details

**Event Name:** Srijan SpeedXpo Exhibition

**Club Name:** Team Srijan (Under Pantheon Events Team)

**Timing:** Day 2

**Venue:** IC Canopy 4

**Faculty Advisor:** Dr. Somak Datta

## Description

Team Srijan proudly unveils TSI 25, our Formula Student race car, a true testament to engineering excellence, innovation, and teamwork. Designed and manufactured entirely by students, TSI 25 brings together advanced design, efficient powertrain systems, and precision-built components to deliver performance and reliability on the track.

This exhibition highlights our year-long journey of transforming concepts into reality — from sketches and simulations to fabrication and testing. Join us to explore the passion, technology, and dedication that drive Team Srijan forward in the world of motorsport.

# **AEROSPACE CLUB EXHIBITION**

## **Event Details**

**Event Name:** Aerospace Club Exhibition

**Club Name:** Aerospace Club (Under Pantheon Events Team)

**Timing:** Day 2

**Venue:** IC Canopy 2

**Faculty Advisor:** Dr. Priyank Kumar

## **Description**

The Aerospace Club invites you to witness the world of aviation and space exploration through student-designed prototypes and models. From gliders and UAVs to rocketry and space systems, this exhibition showcases the innovation, research, and engineering prowess of budding aerospace enthusiasts.

The event highlights the entire design cycle — from ideation and CAD simulations to wind-tunnel testing and flight demonstrations. Visitors gain insights into cutting-edge aerodynamics, propulsion, and structural design while experiencing the thrill of aerospace innovation.

# ROBOLUTION CLUB EXHIBITION

## Event Details

**Event Name:** Robolution Club Exhibition

**Club Name:** Robolution (Under Pantheon Events Team)

**Timing:** Day 2

**Venue:** IC Canopy 3

**Faculty Advisor:** Dr. S.P. Singh

## Description

The Robolution Club presents its Annual Robotics Exhibition, where innovation meets automation. Explore a diverse range of student-built robots — from line followers and autonomous navigation bots to advanced humanoids and robotic arms.

This exhibition reflects the interdisciplinary spirit of robotics, combining mechanical design, electronics, and artificial intelligence to solve real-world problems. Visitors will get hands-on exposure to robotics projects, interactive demonstrations, and the future possibilities of human-machine collaboration.

# **INTER-SCHOOL SCIENCE EXHIBITION**

## **Event Details**

**Event Name:** Inter-School Science Exhibition

**Timing:** Day 2

**Venue:** Community Hall

## **Description**

The Inter-School Science Exhibition brings together young innovators from different schools to showcase their creativity, scientific temperament, and problem-solving skills. From working models in physics, chemistry, and biology to projects in environmental science, AI, and renewable energy, this exhibition provides a platform for students to present their ideas to a wider audience.

The event fosters curiosity, collaboration, and critical thinking while inspiring the next generation of scientists and engineers.
