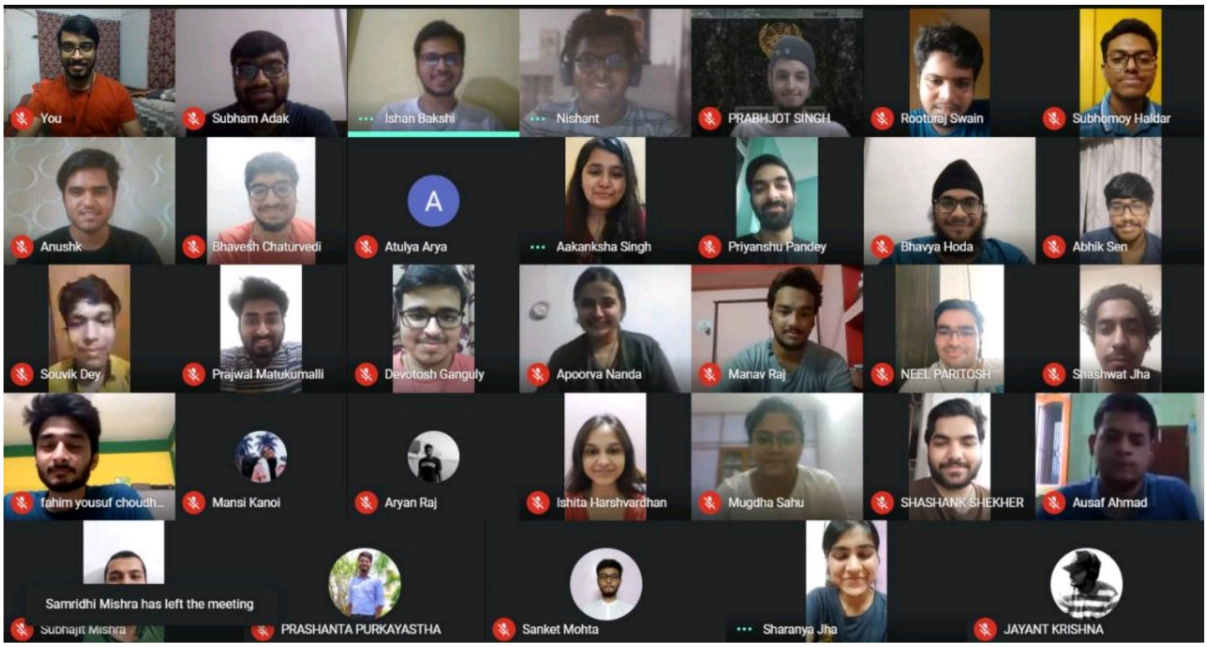
ACTIVITY REPORT 2020-21



About The Club:
The United Engineers Speaking and Quizzing Organization (UNESQUO) is the official quizzing and oratory body of BIT Mesra. The club is led by a group of top-tier orators, debaters, and quizzers who feel that erudition and confidence are two essential elements of one's persona that must be nurtured in order to be cornerstones to a prosperous future. Known for its intriguing amalgamation of quality events, the club's annual calendar is studded with experiences that are truly breath-taking. UNESQUO is incessantly geared up to extend its archaic frontiers. Ranging from the intellectual and demanding quizzes like ‘The General Quiz’, ‘The Entertainment Quiz’ to eloquent debates, witty JAM sessions, and MUN’s, the club’s augmenting incentive is to provide a rostrum for students and to introduce them to a multitude of opportunities, encouraging them to acquire the confidence and composure they need to establish themselves in the professional world. These invigorating events put one's eloquence, presence of mind, confidence, and, most importantly, cognition to the test. Our elite panel of judges meticulously scrutinize participant's performance and render their judgment along with their feedback on areas where there is room for improvement. The members of the club strive to bring the shyest of students to their shores and mould them into revolutionary leaders of the future. UNESQUO is the place to be if you want to hone your leadership abilities while having a wonderful time with a group of people that have unparalleled wit, eloquence, equanimity, and wisdom.

	Here we have is an exquisite poster of the Turncoat Debate event which was attended by students from both 2k19 and 2k20 batches.	This is an online screenshot of the number of participants in our event.

DESCRIPTION: (APPROX 100-150 WORDS):
Turncoat debate was the first bilingual debate competition that was conducted by UNESQUO. The topic was given out to the participants a day in advance. The topic was disclosed in a Whatsapp group that was created for the said purpose. The participants had prepared their speech for 2 minutes. They had to speak for the motion during the first minute and change their stance during the second minute. The event had 5 judges from the final year. The first position was bagged jointly by **Bhavya Hoda and Arpan Samuel**, followed by the second position bagged by **Snigdha** and the third position went to **Shashwat Jha**, A special mention was awarded to **Shashank Shekher**. It was an enriching experience on the whole and the event was a huge success.

NAME OF EVENT: BIT MUN (13.03.21-14.03.21)

Organized under Program/Bodies/Club/etc.	UNESQUO ,BIT Mesra
Venue/Place/Visit	ZOOM , online platform
Duration	2 days (2 hours each)
No of Student Volunteers	27
No of Participant/Beneficiary/etc.	60
No of Certificate/Award Distribution (If Any)	3

PHOTOGRAPHS/MEDIA REPORT (WITH LEGEND/ABOUT PHOTOGRAPH):

	Here we have an exquisite poster of the event	Here is an online screenshot of our event

DESCRIPTION: (APPROX 100-150 WORDS):
The 'BIT-MUN' was a two day event of Model United Nations, organised by Unesquo. The agenda of the MUN was transitioning into a post pandemic world, highlighting the challenges and preparedness with the changing global dynamics.
Each of the delegates were assigned a particular nation, and they had to speak for one and half minutes on the agenda, along with raising and discussing different motions of their own. The secretariat consisted of four Unesquo members, and the event was judged by the Third Year Unesquo members.

Lavisha Bajega was declared as the best delegate, while Annu Yadav and Jalaj Jain were the delegates of high commendation. Aaditya Mootha and Chris Calvin Demta were the special mentions.

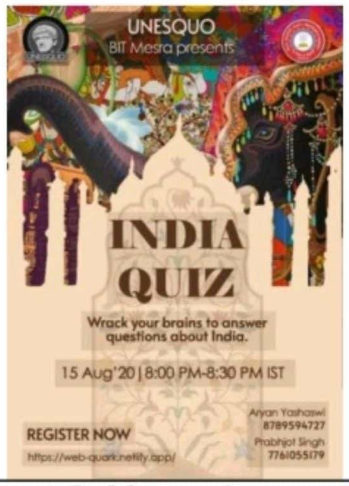
NAME OF EVENT: India Quiz (15th August,2020)

Organized under Program/Bodies/Club/etc.	UNESQUO
Venue/Place/Visit	D2C
Duration	1 Day
No of Student Volunteers	4
No of Participant/Beneficiary/etc.	200+

PHOTOGRAPHS / MEDIA REPORT:



Poster of the event held on 15th August ,2020 on D2C

DESCRIPTION:

India is more than what meets the eye, it is also a compelling narrative of history based on battles won and lost, of great artists who went unnoticed and most importantly rampant folklore and stories. UNESQUO, BIT Mesra organised a quiz circum centred around the topics addressing the ubiquity of our Indian culture, witnessed in vibrant fairs and festivals, age-old traditions, bustling bazaars, wide range of culinary delights, catchy attires, splendid architecture and a lot more mixed in a bag of questions about the largest democracy in the world in the most non nonchalant way.

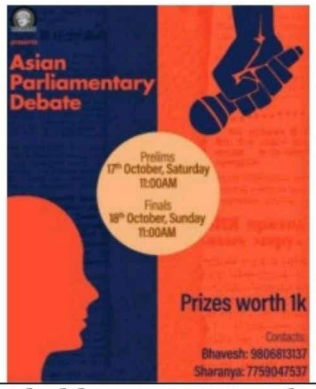
NAME OF EVENT: Asian Parliamentary Debate (17-18 October,2020)

Organized under Program/Bodies/Club/etc.	UNESQUO
Venue/Place/Visit	Zoom
Duration	2 Day
No of Student Volunteers	8
No of Participant/Beneficiary/etc.	50+

PHOTOGRAPHS / MEDIA REPORT:



Poster of the event held on 17-18 October ,2020 on Zoom

DESCRIPTION:

As the name suggests it was an Asian parliamentary style inter-college debate where in the first round participants were given the topic one day prior to the event and they had to speak for 2.5 mins followed by rebuttal by the judges as well as a few questions from the other participants and spectators. The 2nd and last round comprised of 3.5 mins of speaking once again followed by rebuttal from the judges, opposition and audience but it differed from the first round in that specific roles of the Parliament were assigned to the participants and they had to speak just as their alter egos would have done. The first position was bagged by Ausuf Ahmed followed by Anushk and Fahim Yousuf Choudhury coming in second and third respectively. The event was a success with healthy participation from both our as well as other colleges.

DESCRIPTION

Amidst the hope that things will be returning to the old normal, UNESQUO BIT Mesra, came with an event replete with dry sense of humour and a complete laughter riot aptly named "Threesome in a boat". Just as intriguing as the name sounds,this event is going to be super fun for everyone. In a team of three, people participated in which they had been given a topic, and were frequently asked to change the speaker and stance for the topic. Almost 50 people participated in the event which took place on our Discord Server, which consisted only of a single round.

Annual Event Report 2020-2021

ABOUT THE CLUB:

The Literary Society, BIT Mesra, is a haven for those who feel and express through words and seeking beauty in them. Members believe in learning through sharing their works and help others to discover their hidden love for literature. It can be thought of as a Young Writers'-and-Speaker's Club which takes care of the events, resources, and management pertaining to the literary events taking place in the institute.
The society organizes many events including its flagship event 'Rostra', which is one of the biggest literary events in east India. These events felicitate not only those inclined to literature but also helps others to realize and see the potential in themselves and grow.

Media Report for Symposium'21
2 messages

NAPS BIT <naps@bitmesra.ac.in> Tue, Jan 19, 2021 at 10:37 AM
Cc: vc@bitmesra.ac.in, Dean SW <deansw@bitmesra.ac.in>, registrar@bitmesra.ac.in, Vijay Nath <vijaynath@bitmesra.ac.in>, Literary Society BIT Mesra <litsoc.bitm@gmail.com>, shariquekhan0478@gmail.com, smishra@bitmesra.ac.in

Respected Sir/Ma'am,

The Literary Society of Birla Institue of Technology, Mesra organised the annual confluence of Literary minds in the form of Symposium'21. The event was held on the online platform, Google Meet. The event brought together various stellar literary works from all batches of BIT Mesra. the English and Hindi Media Reports along with the photographs are attached below:

ENGLISH MEDIA REPORT

- The Literary Society, BIT Mesra organised its first event for the year, Symposium, on 17th January 2021 through Google Meet.
- The faculty advisor of the Literary Society, Dr. Sumit Mishra presided over to grace the evening where she addressed the participants and organizers of the event with a small speech.
- The event provided a stage for budding poets and literary enthusiasts to showcase their talents.
- It was conducted in two rounds. For the preliminary round, participants had to mail their write-ups. Out of 60+ entries, only 31 students could grab the opportunity to recite their pieces before the audience in the final round.
- The judging panel consisted of senior members of the host club, Literary Society, BIT Mesra. The panel included Sharique Khan, Aditya Narayan Singh, Deval Tripathi, Faraz Khan, Nishant, Deepansh Bhargava, Priyansha Ranjan, and Samberdhana Sandeep.
- The event commenced at 5 P.M. with Aparna Shambhawi and Ishita Shreshtha as the hosts for the evening.
- The selected participants presented their pieces, one by one, touching themes such as existing societal issues, genres like love, heartbreak and abstract pieces as well.
- The parameters for the evaluation were based on clarity, expression, voice modulation, content, and grammar.
- After a very close battle of literary creativity, Ayushree Raj and Priya Agarwal bagged the first and second prizes for the English section, whereas Bushra Malik and Prachi Pranamya secured the first and second prizes in the Hindi section. Akshat Ved, Abhinay and Srijita Das received a special mention from the judges.
- The winners were felicitated with certificates and cash prizes worth 3k.
- The event came to an end with a few words of encouragement from the judges for the participants to continue writing and expressing.

HINDI MEDIA REPORT

- बीआईटी मेसरा के लिटरेरी सोसाइटी ने 17 जनवरी को एक ऑनलाइन साहित्यिक प्रतियोगिता आयोजित किया।
- लिटरेरी सोसाइटी के संकाय सलाहकार, डॉ. सुमित मिश्रा ने सभा की अध्यक्षता की, जहां उन्होंने एक छोटे से भाषण के साथ कार्यक्रम के प्रतिभागियों और आयोजकों को संबोधित किया।
- इस कार्यक्रम ने नवोदित कवियों और साहित्यिक उत्साही लोगों को अपनी प्रतिभा प्रदर्शित करने के लिए एक मंच प्रदान किया।
- सिंपोजियम नामक यह स्पर्धा दो दौर में संपन्न हुई। पहले दौर में प्रतिभागियों से उनकी रचनाएं मांगी गई थीं। इस दौर में 60 से अधिक बच्चों ने भाग लिया जिसमें से 31 लोगों को अंतिम दौर के लिए चुना गया।
- न्यायिक मंडली में लिटररी सोसाइटी के ही वरिष्ठ सदस्य शामिल थे। इसमें शारिक खान, आदित्य नारायण सिंह, देवल त्रिपाठी, फराज खान, निशांत, दीपांश भार्गव, प्रियांशा रंजन और संवर्धन संदीप आदि मौजूद रहे।
- यह कार्यक्रम शाम 5 बजे शुरू हुआ। अपर्णा शांभवी और इशिता श्रेष्ठ ने मंच संचालन किया।
- चयनित प्रतिभागियों ने एक-एक करके अपनी कृतियां दर्शकों के समक्ष प्रस्तुत किया।
- जजों द्वारा शब्दों की स्पष्टता, अभिव्यक्ति, व्याकरण और साहित्यिक रचना की गुणवत्ता के आधार पर मूल्यांकन किया गया।
- काफी नजदीकी मुकाबले के बाद आयुषी राज और प्रिया अग्रवाल ने अंग्रेजी खंड के लिए पहला और दूसरा पुरस्कार जीता, जबकि बुशरा मलिक और प्राची प्रणामी ने हिंदी खंड में पहला और दूसरा पुरस्कार हासिल किया। न्यायाधीशों ने अक्षत वेद, अभिनय और श्रीजिता दास को इस स्पर्धा में विशेष उल्लेख से नवाज़ा।
- विजेताओं को प्रमाणपत्र के साथ-साथ पुरस्कार स्वरूप कुल तीन हजार रुपए भी मिले।
- लेखन और अभिव्यक्ति जारी रखने के लिए जजों के प्रोत्साहन के साथ यह कार्यक्रम समाप्त हुआ।

ONLINE ROSTRA'21

DESCRIPTION: A three-day literary pandemonium to recognize the stellar debater, the double-quick thinker, and the crowd wooer in you, Rostra is coming soon. As an inter-college national level conjuncture, it hubs both online and offline events with prize money worth thousands. The fest shall also be an amalgamation of distinguished laureates from all over Jharkhand. Literature, as it has stood, is essentially an exquisite abstraction of the self, the imagination, the beauty that surrounds, and the nature that astounds, with a crafty coalition of the subtlety of words and the gumption of wit. Rostra attempts to unite this universality of literature with the power of speech to usher in the uninhibited expression of the mind. Organized by the Literary Society of BIT, Mesra.

Detailed Media Report for Rostra'21 Day-2:

यूथ पार्लियामेंट

- **फ्लैगशिप इवेंट, "यूथ पार्लियामेंट" के दूसरे दिन का आरंभ दोपहर 12 बजे से ज़ूम प्लेटफॉर्म पर किया गया।**
- **इस आयोजन के दूसरे दिन के प्रथम दौर में प्रतिभागियों ने एक विषय पर बहस की और फिर मंत्रियों द्वारा मतदान किया गया। अंतिम दौर में बिल अमेंडमेंट शामिल था।**
- **सुभाजित मिश्रा (K17) इस आयोजन के अध्यक्ष थे। प्रतिभागियों का आंकलन डिबेटिंग स्किल और ओरेशन की अद्दरदर्शिता के आधार पर किया गया। इस स्पर्धा को हर्ष अग्रवाल ने जीता। दूसरे स्थान पर टीम डाइस के अजितेश हर्षित थे और तीसरा स्थान आदित्य राज चौधरी ने हासिल किया।**

न्यूज़रूम

- तीसरे दिन की शुरुआत सुबह 9 बजे गूगल मीट प्लेटफॉर्म पर "न्यूज़रूम" के साथ हुई। न्यूज़ रूम एक रोमांचकारी कार्यक्रम था जिसमें दो राउंड शामिल थे। टीम कमंड क्रॉनिकल्स इसके विजेता रहे और टीम इन्विक्टस उपविजेता रहे।

रेडियोएक्टिव

- दिन की अगली प्रतियोगिता "रेडियोएक्टिव" थी जो दोपहर 12 बजे गूगल मीट पर आरंभ हुई। रांची की लोकप्रिय आरजे शानवी के अतिथि निर्णायक के रूप में उपस्थित थीं। "रेडियोएक्टिव" के विजेता टीम स्ट्रावॉट्स के देवांश कोचर थे। टीम कमंड क्रॉनिकल्स के हिया जैन और आयुषमान झा ने दूसरा और तीसरा स्थान प्राप्त किया।

माइक ड्रॉप

- यह कार्यक्रम दोपहर 2 बजे गूगल मीट के माध्यम से नियोजित किया गया। प्रतिभागियों को प्रत्येक 1-1.5 मिनट के स्लॉट में एक विशेष चरित्र के रूप में प्रस्तुति देनी थी। टीम स्ट्रावॉट्स के देवांश कोचर को प्रतियोगिता का विजेता घोषित किया गया। दूसरे और तीसरे स्थान पर टीम कमंड क्रॉनिकल्स के हिया जैन और सत्यम सरोज के नाम सामने आया।

वाक् युद्ध

- दिन के अगले कार्यक्रम "वाक् युद्ध" का आयोजन जी-मीट के माध्यम से 12 बजे अतिथि वक्ता "हसमुख" के संस्थापक और एक प्रसिद्ध उर्दू वक्ता, राधेशाम तिवारी तथा प्रसिद्ध कवि पुष्कर कुमार पुष्प की उपस्थिति में किया गया। आयुष कुमार मिश्रा इस दिलचस्प आयोजन के विजेता के रूप में उभरे। वहीं हर्ष पांडेय ने दूसरा और स्पर्श आनंद ने तीसरा स्थान प्राप्त किया।

स्पीकर्स डाइलम्मा

- यह प्रतिस्पर्धा संध्या 4 बजे से गूगल मीट पर प्रारंभ हुई। "स्पीकर्स डाइलम्मा" में प्रतिभागियों को उनके द्वारा लिखित या किसी अन्य कलाकार द्वारा प्रस्तुत किया गया एक भाषण देना था। घोषित विजेता (अंग्रेज़ी) जी. सुकांक्षा रहीं और दूसरे स्थान पर अंजली रहीं। वहीं प्रतियोगिता के हिंदी सेक्शन में रोहन ने प्रथम और नसरीन ने दूसरा स्थान प्राप्त किया।

नाइट इवेंट्स

कवि सम्मलेन

- कवि सम्मेलन की शुरुआत संध्या 6 बजे गूगल मीट के माध्यम से हुई।
- शारीक़ खान, देवल त्रिपाठी, आदित्य नारायण सिंह और मानस सिंह ने अपनी उपस्थिति से इस कार्यक्रम में चार चांद लगा दिए। वहीं अक्षत वेद, आयुष और अभिनय ने बेहतरीन प्रस्तुति से सभी का दिल जीत लिया।

7आरसीआर

- शाम रोस्ट्रा'21 के अंतिम कार्यक्रम के साथ आगे बढ़ी। 7आरसीआर गूगल मीट प्लेटफॉर्म पर आयोजित हुआ।इस प्रतियोगिता में न्यूज़रूम के विजेता आयुषमान झा और यूथ पार्लियामेंट के विजेता हर्ष अग्रवाल के बीच 'इज़ सेल्फ रिलायंस ए वे टू गो इन कोविड एरा' पर डिबेट हुई जिसमें हर्ष अग्रवाल ने जीत हलिस की।
- इसी तरह रोस्ट्रा'21 का अंतिम दिन पुरस्कार वितरण के साथ समाप्त हुआ। रोस्ट्रा'21 चैंपियनशिप के विजेता आईआईटी मंडी के टीम कमंड क्रॉनिकल्स रहे और रनर अप टीम स्ट्रावॉट्स रहे।
- अंत में बी. आई. टी. मेसरा के लिटरेरी सोसाइटी ने सभी कलाकारों, प्रतिभागियों और उपस्थित लोगों के प्रति इस असाधारण प्रतिस्पर्धा को सफल बनाने में योगदान देने हेतु आभार प्रकट किया।

ROSTRA '21 DAY 3

The final day of Rostra'21 presented by Jharkhand Yuva Sadan, co-sponsored by Rapido and Hasmukh and title sponsored by Blue Hill Publications witnessed immense participation in its online events and artists' night. The English and Hindi media reports are attached herewith. The images shall be sent soon.

DAY EVENTS

Youth parliament

- The Day-2 of the flagship event, Youth Parliament began around 12 P. M. at Zoom platform.
- Round one of the event was followed by participants debating on a topic and was voted upon by the ministers. Second round consisted of Bill amendment.
- Subhajit Mishra (K17) was the chairperson for this event. The judging was done based on debating skills and adeptness of oration. The winner of the competition was Harsh Agrawal. Ajitesh Harshit from team Dice secured second place and Aditya Raj Chaudhary secured third position.

Newsroom

- The third day of Rostra commenced with a two round formal event "Newsroom" around 9 A.M. at Google Meet platform. There were around 40 students who participated in the event from all over the country. Team Kamand kronicles was declared as the winner of the competition. Team Invictus emerged as runner up.

Radioactive

- The day was followed by "Radioactive", which started around 12:00 P.M. at Google Meet platform. The event tested the creativity and communication skills of the contestants. RJ Shanvi from Ranchi was present as the guest judge of the event.
- The winners of "Radioactive" were Devansh Kochar from team Strawhats, Hiya Jain and Aayushman Jha from team Kamand Kronicles.

Mic Drop

- "Mic Drop" kicked off at 2:00 P.M. through Google Meet platform. Mic Drop was a two round event where round one was an elimination quiz while round two was a character battle. 14 participants qualified for the final round.
- Devansh Kochar from team Strawhats, Hiya Jain and Satyam Saroj from team Kamand Kronicles were declared as the winners of the competition.

ACTIVITY REPORT 2020-2021

About Students Bodies:

Team Srijan is the **Formula Student team** of **Birla Institute of Technology MESRA,** that has been growing steadily since **2007.** We are a group of 35 undergraduate students from various engineering streams who have come together to conceive, design and manufacture and test an **Electric Formula-Style race car** to participate in various national and international Formula Student events held across the globe.

International Events we participated in and our achievements:

- In **2007**, we participated in **Formula Student UK** held at the Silverstone circuit. We finished **5th in Class II events.**
- In **2013,** we participated in **Formula Student Italy** held at the Ricardo Paletti circuit where we were the **2nd best Indian team.**

National Event we participated in and our achievements:

- We participated in **Supra SAE 2011** and **2012** (**where we had the 2nd lightest chassis in the event**).

- In **2015,** we participated in **Formula Design Challenge** held at the Kari Motor Speedway in Coimbatore and bagged an overall **7th position out of the 60** participating teams.
- In **2016**, we participated in **Formula Student India** held at **Buddha International Circuit, Noida** and ended up as the 21st best team out of 47 participating Indian teams.
- In **Formula Bharat 2017**, held at Kari Motor Speedway in Coimbatore, where we achieved the **6th position** in **Statics** & **12th position overall** competing against the best **58 teams** of India.

Our biggest achievements:

- In **Formula Bharat 2018**, held at Kari Motor Speedway in Coimbatore, where we bagged **the first prize in business plan presentation** among **64 teams** participating from all over India.
- In **June 2019,** we participated in the Rule quiz where we stood **first** among **97 teams** that took part in the competition.
- In **November – December 2020,** we participated in the **Virtual** edition of **Formula Bharat 2021,** where we **won** the **Innovative Concept Award** and stood **10th** in the **overall event.**

With these achievements, we have retained the title as the **best formula student team in eastern India** beating IIT Kharagpur, ISM Dhanbad, NIT Jamshedpur, and IIT Guwahati.

For the Smooth Functioning of the team, we have a management and a technical Division. The management division ensures efficient project management through the Formula Session. The Technical divide takes care of engineering aspects involved in designing and fabricating the formula race car prototype. The engineering marvels that are conceived in the workshop are the result of the efforts put in by every member of the team.

Name of Event: Formula Bharat Rule Quiz 2021

Organized by	Formula Bharat (Curiosum Tech Pvt. Ltd)
Venue	Online
Date / Duration	6th June 2020
Result	Ranked 4th in the Electric category! Qualified for the main event of Formula Bharat 2021

Team Name	End Time of First Successful Attempt	Total # of attempts	Unofficial QUIZ RANK	Unofficial Car #
Orion Racing India Electri	6/6/2020 19:35:53	2	-	1
Team Octane Racing Ele	6/6/2020 19:36:14	6	-	2
Team Kratos Racing Elec	6/6/2020 19:47:43	3	-	3
DJS Racing Electric	6/6/2020 19:32:01	1	1	4
Modified Auto Club Racin	6/6/2020 19:33:12	3	2	5
Hertz Electric	6/6/2020 19:33:26	2	3	6
Team Srijan Electric	6/6/2020 19:33:28	1	4	7
IIT Bombay Racing	6/6/2020 19:33:40	1	5	8
SPCE Racing Electric	6/6/2020 19:33:40	1	5	8
Axlr8r Formula Racing	6/6/2020 19:34:08	2	7	10
Team Chimera	6/6/2020 19:34:26	1	8	11
Acceleracers Electric	6/6/2020 19:34:30	4	9	12
Team Ojas	6/6/2020 19:34:38	1	10	13

Description: Rule quiz is the gateway to participate in the main event of **Formula Bharat 2021 Virtual**. In the rule quiz, questions regarding the safe and efficient conduct of **Formula Bharat** and **technical knowledge** are asked.

Name of Event: Summer Project

Organized by	Team Srijan
Venue	Online
Date/Duration	June,2020
Certification	N/A

Description: It was an **online project** where students were asked to choose a topic of their choice, which was intended to provide insights about a **race car**. Students made a **report** about their selected topics, and the report was **evaluated** by the **team seniors.** Later, successful students were **recruited** in the team.

Objective: To help the students to learn a new skill which can be added to their resume.

Name of Event: 4th FSEV Concept Challenge

Organized by	Formula Bharat (Curiosum Tech Pvt. Ltd)
Venue	Online
Date/Duration	July,2020
Result	- The team stood 17th out of 40 national and international teams. - The best performance came in the Team Management category with a rank of 11th.

Description: **FSEV Concept Challenge** is a competition organized by **Formula Bharat**. It is dedicated for teams who want to make a transition from **Combustion Category** to **Electric Category**. Team Srijan participated in **4th FSEV Concept Challenge** organized in July 2020. The competition included presentation and submission of **Team Management Report, Procurement Report** and **Design Presentation.**

Name of Event: Formula Bharat 2021 EV Virtual

Organized by	Curiosum Tech Pvt. Ltd
Venue	Online
Date/Duration	November 2020 - December 2020
Result	Innovative Concept Award in the Business Event 4th in Business Event 10th in Engineering Design Event 10th Overall - only first year car to be ranked in top 10 in EV category.

Description: Formula Bharat is an engineering design competition in which students from various colleges and universities all over the country, compete with a life-size **Formula-style vehicle** in areas of engineering design, overall cost, marketability and dynamic performance. The series replicates the global student Formula series hosted in around 11 countries per year.

Objective The purpose of this competition is to **encourage students** to gain **hands-on practical experience**, while applying engineering theories studied in the classroom.

Name of Event: Formula Student UK 2021

Organized by	Institute of Mechanical Engineers
Venue	Online
Date/Duration	Jan,2021
Result	Only Indian team to be selected for FS UK 2021 in the Concept Class category

Description: Formula Student (FS) is Europe's most established educational engineering competition. Backed by industry and high-profile engineers such Patron, Ross Brawn OBE, the competition aims to develop **enterprising** and **innovative young engineers** and encourage more young people to take up a career in engineering. The project usually forms part of a **degree-level project** and is viewed by the **motorsport industry** as the standard for engineering graduates to meet, transitioning them from university to the workplace.

Association between DeMUX Academy and SDS, BIT Mesra

Society for Data Science BIT Mesra <sds.bitmesra@gmail.com>
to spadhi, K

Sat, Aug 8, 2020, 7:45 PM

Respected Sir,
We have planned to conduct a one-week online Placement Program in collaboration with DeMUX Academy and hence seek your permission. This program will be completely non-monetary in association with DeMUX Academy. The instructors for this virtual program are peoples currently working in Multinational Companies. There will be no registration fees and no requisites for attending this virtual program. The profiles of the speakers are as follows:
1. MRIDUL KOTHARI, Web Developer at Morgan Stanley
2. SUDHANSHU BAHETY, Distributed Systems at SalesForce
3. SANKET KEDIA, System Design at Oracle
4. VARUN GARG, Distributed Systems at Flipkart
5. SUNNY DHAMNANI, Adobe
6. Manvi Garg, Databases at Google

About DeMUX Academy:
Demux Academy, essentially, is an incubator for college students with the aim of training them for today's most in-demand careers. This is an initiative shouldered by IIT/NIT graduates who're working at companies like Google, Facebook, Oracle, Goldman Sachs, Microsoft, etc. based partly in the US and in India. These individuals, who've personally experienced the recruitment process and made it through into these Big Tech companies, understand what it takes to get there. And here(at Demux), they impart those learnings to students in order to equip and prepare them with everything that an employer expects out of university graduates. Students from these programs are now placed in companies like Google, Amazon, Microsoft, Uber, Flipkart, Oracle, Adobe, and almost every MNC in India.
Please find the attached MoU and creative.

DESCRIPTION: In partnership with Code Warriors, Organised several workshops and Hackathon, with a total prize worth 7 lacs. Other than hackathon workshops included:

1. TITLE:: **EVERYTHING YOU NEED TO KNOW ABOUT REACT AS A BEGINNER**
   SPEAKER-: Smile Gupta
   ORGANISATION-: **KONUFHUB TECHNOLOGIES**
   TOPIC-: **Session will include the basic nitty-gritty of the jsx components, routing**

2. TITLE-: BUILDING WEB APPS FROM FIREBASE
   SPEAKER-: VRIJRAJ SINGH
   ORGANISATION-: GDG JALANDHAR
   TOPIC-: Session on Building Web App with Firebase
3. TITLE-: MIXED REALITY IN POWERAPPS
   SPEAKER-: TEJUS WADBHUDHE
   ORGANISATION-: GOOGLE DEVELOPERS GROUP
   TOPIC-: PowerApps at its core is a Platform as a Service. It allows you to create Mobile Apps that run on Android, iOS, Windows (Modern Apps) – and with almost any Internet browser. It is Microsoft's "No Code - More Power" solution for the world.
4. TITLE-: INTRODUCTION TO ANGULAR & NGMODULES
   SPEAKER-: PRIYAL JAIN
   ORGANISATION-: BUYOGO
   GIST -: Describes what is angular and why we can use that and also tells about how to use NgModules (declarations, imports, exports, providers) in an angular architecture.
5. TOPIC-: Introduction to TF-HUB
   SPEAKER-: USHA RENGARAJU
   ACHIEVEMENT-: WORLD'S FIRST WOMEN 2X KAGGLE GRANDMASTER
   GIST -: TensorFlow Hub is a repository of trained machine learning models ready for fine-tuning and deployable anywhere. Using TF-Hub, one can reuse trained models like BERT and Faster R-CNN with just a few lines of code.
6. TOPIC-: **MICROSERVICES** & **DOCKER FOR DATA SCIENCE**
   SPEAKER-: Ayon Roy
   ORGANISATION-: **LULU INTERNATIONAL EXCHANGE**
7. TOPIC-: **HOW TO ACE INTERVIEWS**
   SPEAKER-: Kavita More
   ORGANISATION-: **TOTAL SPORTS AND FITNESS SOLUTIONS PVT LTD**
8. TOPIC: **Machine Learning Novice Tips And Tricks**
   SPEAKER: Arpita Gupta
   ORGANISATION: **GreyOrange**

Respected Sir,

The following is the revised budget of student bodies for the current financial year.

Name of Club/ Society	Amount (in Rs. Lakhs)
Team Srijan	6.5
Firebolt Racing	4.2
Aerospace Society	0.7
Literary Society (LitSoc)	0.6
Photographic Society (PSOC)	0.5
Entrepreneurship Development Cell (EDC)	0.5
UNESQUO	0.4
News and Publication Society (NAPS)	0.4
Leo Club	0.3
Dhwani – Music Club BIT Mesra	0.3
Fine Arts Society (FAS)	0.3
Institute of Electrical and Electronics Engineers (IEEE)	0.2
Society for Data Science, BIT Mesra	0.2
Association of Computer Machinery (ACM)	0.1
Environment Protection and Awareness Club (EPAC)	0.1
The Institution of Engineering and Technology (IET)	0.1
The Institution of Electronics and Telecommunication Engineers (IETE)	0.1
Robolution	0.1
Team Aveon	0.1
Dance Club	0.1
Dramatics Society	0.1
Rotaract Club	0.1
Sports Mentorship and Adventure Club (SMAC)	0.1
Society for Industrial Management and Engineering (SIME)	0.1
Indian Institute of Chemical Engineers (IIChE) – Students Chapter, BIT Mesra	0.1
Total Amount	**16.3**

The total amount also includes the amount of Rs. 6.5 lakhs already approved for Team Srijan.
Kindly approve the proposed budget.

Photograph/Media Report:

DESCRIPTION:

Topic: Data Science Career Opportunities Abroad.

Date: 8th February 2021

Time: 7:00 pm

ForiegnAdmits was one of the sponsors in the Data Summit. They provided career counseling and guidance to study abroad at top tier colleges. They discussed the complete process and importance from preparation of GRE/ TOEFL to building Portfolio in the field, applying to colleges and scholarship grants as well as loans from banks.

Sangita Maji :

An Engineer by profession, currently pursuing Master of Data Science from Deakin University, Australia, has worked with IBM India as a System engineer and with PWC India as Technology Consultant.

Her specialties include new skills, programming languages, problem-solving, data warehousing and data modeling.

Nikhil Jain :

A Researchpreneur (Researcher turned Entrepreneur), Full Funded Scholar, Mr. Nikhil Jain is the founder of ForeignAdmits which was recognized as the top 50 Indian Startups for Impact Creation by BSE, Mumbai. He coined the term 'ResearchPreneur' to empower, inspire, and enable researchers about the power of Entrepreneurship in their life and Career.

DESCRIPTION:

Topic: What's Next in Machine Learning: Differentiable Programming.

Date: 11th Feb 2021

Time: 7:30 PM

Speaker : Viral B. Shah, Dhariya Gandhi

Recipient of the Wilkinson Prize for the Julia language, Dr.Viral B Shah is an Indian computer scientist, best known for being a co-creator of the Julia programming language. He is the CEO of Julia Computing and is also the man behind designing the policies and the technology for the Aadhaar-based payments systems for Government payments and the e-KYC platform.

Joining him is Mr. Dhairya Gandhi, a Birla Institute of Technology and Science, Pilani alumni, and currently a Data Scientist at Julia Computing. He has helped develop the Julia Machine Learning and Differentiable Programming ecosystem. His interest lies in expanding the differentiable programming paradigm beyond deep learning and scaling it on multiple high-performance accelerators.

DESCRIPTION:

TOPIC = How Neural Network works?
DATE - 15-02-2021
TIME - 7:30 PM

It was a basic session about Neural Networks and Deep Learning. Discussed about Neural Networks, their mathematical meaning and its different components.

Dr. Joshua Starmer has been an assistant professor at Chapel Hill, University of North Carolina and his stature comes from his visualization of statistical concepts.
What makes studying with him an extraordinary affair is his sense of humor brought to science. To enthrall his audience he plays ukulele openings for his videos as well as sings professionally.
As a machine learning champion, early adopter, and expert Dr. Joshua aims to enlighten individuals and organizations on the true significance of data and how to turn it into actionable insight and deployable situations.

Good evening sir,
We at Society for Data Science are organizing a 2-day event - "Data Science Summit'21". The event will consist of various competitions, seminars, and guest lectures which will enhance the interests of students in this field even more. We are thinking of organizing it on 20th-21st February 2021. The coming soon poster/creatives are attached. Please go through them and grant us permission. The link of landing page:

DESCRIPTION:

The session organised by Floxus, was one of the sponsors in the Data Summit. The session was all about Business Analytics from Beginners point of view. Discussed about the tools and concepts in Business Analytics.

Business Analytics is the field that combines data and statistics to bring out insights and help in better growth of a company.
FLOXUS is India's e-learning platform that follows a comprehensive one-to-one mentorship based learning approach that brings you this industry-oriented workshop to increase your knowledge and help you grow as a Data Analyst.

DESCRIPTION:

The session was about How Data Science can help in the times of Epidemic? Mr. Raj talked about Epidemic Modeling, Drug Discovery and Rise, Spread and Decrease Cycle of any Epidemic. He also talked about several buzz words, we here everyday in Pandemic.

Mr. Raj Dandekar, 4th year Ph.D. student at Massachusetts Institute of Technology (MIT) in the field of Computational Science and Engineering. In 2020, Mr.Raj published a machine learning augmented Covid-19 model which was covered by Massachusetts Institute of Technology (MIT) News, FOX News, and started a discussion on the relevance of neural networks in modeling the Covid-19 spread.

As a Machine Learning Ph.D. student at Julia Lab, MIT, he has his research interests in Scientific Machine Learning applied to Epidemiology, Probabilistic Programming, Bayesian Neural Network, and many more.

DESCRIPTION:

Interview and Placement Guidance session by Sumeet Malik. He talked about the importance of coding, mental preparation, How to build a CV. and different approaches and scenarios in Interviews.

Mr. Sumeet Malik, Founder of PepCoding.com
Pepcoding was founded in 2017 with the vision to bring in “The Great Indian Coding Renaissance”. They specialize in teaching Data Structure, Algorithms and Web Development.

NAME OF EVENT: Business Case Study Challenge
Date : Round 1 - 19/02/2021 - 20/02/2021, Round 2 - 21/02/2021

Organized under Program/Bodies/Club/etc.	Data Science Summit 21
Venue/Place/Visit	Dare2Compete
Duration	3 Days
No of Student Volunteers	4
No of Participants/Beneficiary/etc.	326
No of Certificate/Award Distribution (If Any)	6

Activity Approval Letter:

to S, K, Dean, Ashoke

Good evening sir,
We at Society for Data Science are organizing a 2-day event - "Data Science Summit'21". The event will consist of various competitions, seminars, and guest lectures which will enhance the interests of students in this field even more. We are thinking of organizing it on 20th-21st February 2021. The coming soon poster/creatives are attached. Please go through them and grant us permission. The link of landing page:
https://datathon.sdsbitmesra.in/

Thank you,
Team SDS, BIT Mesra

DESCRIPTION:

Data Analytics challenge giving opportunity to budding Data Analysts to showcase their skills and win exciting prizes.

Discover, Cleanse and Transform Data should be your new mantra.
There will be two rounds.
Round 1 =

Participants will get a set of 30 analytics questions which need to be answered in 20 minutes.
Date =14/02/2021
Time = 04:00 PM - 04:20 PM

Round 2 =
Submit your 2-3 page solution (in MS Word/PowerPoint/Excel format). The solution should include a brief understanding of the problem, approach (4-5 lines), expected benefit (value), algorithm used and final evaluation metric. Grand Finale: Shortlisted teams will present their solutions to the jury.
Date = 21/02/2021
Time = 07:00 AM - 11:59 PM

DESCRIPTION:

Data Science Hackathon was the premier event in Data Summit 21.

Two Stages:
Round 1: Data Science Quiz
The preliminary round of the Data Science Hackathon will consist of a total of 50 questions(40 min) consisting of Linear Algebra, Probability, Machine Learning, Deep Learning, etc.
Date = 13/02/2021
Time = 7:00 pm - 7:40 pm
Round 2: Data Science Hackathon
Final round is a 2-days long event in which each of the selected teams will have to identify a real-life problem, come up with a solution and build a working prototype of the solution. You will have to submit a report(PPT) consisting of problem description, solution and results after implementing the solution. You also need to submit a video presentation and code for the solution along with instructions to run it. The solution must be implemented using Open Source technologies only.
Date = 20/02/2021 - 21/02/2021
Time = 12:00 am

DESCRIPTION:

Event was exclusively designed concerning the recruitment process of the Industry. Data Visualization Quiz was based on some frequently asked questions in placement/internship opportunities. Participants had to apply different data visualization methods and their own intuition to crack these questions. It ensured the industry relevance of the skills.
There will be two rounds.
Round 1 = Participants will be given 30 MCQ type industrial questions. The students will have to choose the most appropriate option after making a conclusion from the visualizations.
Date: 14/02/2021
Time: 02:00 PM IST - 02:45 PM IST

Round 2: The teams will be asked to perform a complete data visualization using the tool of their preferred choice. The submission will be in PDF format comprising code and suitable plots.
Date: 21/02/2021
Time: 07:00 AM IST to 11:59 PM IST

Anvil Event Report

Event: Anvil

Event Date: 29th October 2020 to 1st November 2020.

Mode of Conducting: Online

Platform used: Facebook, Instagram, Linkdin.

About Anvil:

This event was held on the Facebook, Instagram, Linkdin handle of the club for four days. A post with two/three pictures was posted on 7 PM on the above mentioned sites. The picture consisted of some machine/tool which is used in workshop lab (first year) in BIT Mesra accompanied with a hint to the answer and a Google doc link to answer the given questions.

Rules of the Event:

1. Winners of Anvil will be the top 3 participants based on their scores after the four levels. Only individual participation is allowed.

2. The event will be held in 4 levels, namely level 1, level 2, level 3, and level 4.

3. The questions will have a difficulty level according to the levels assigned.

4. Point weightages of these levels will be 10%, 20%, 30% and 40% (level 1 to 4)

5. First two levels will have 2 questions each and other two will have 3 questions each.

6. The doc link will be uploaded in the description and the participants will have to answer through the doc.

7. The time of the entry of the answers will be recorded and will be used as a tiebreaker.

8. In case of points and time tie, there will be joint winners.

9. For each questions, only the fastest three correct responses will be awarded with points.

10. Certificates to winners and society membership direct interview for K19 winners.

Evaluation Procedure:

Evaluation was done strictly on the basis of timing of the response by the participants. The first three participants who answered correctly got points according to the level of the questions, rest of the participants who answered after we got the first three correct responses did not score any points for that particular level. At the end of the event points acquired by the participants in all four levels were summoned up and winner were declared.

Student Volunteer involved: Sugata Samajder; Samir Singh; Shivam Singh; Arnav Harsh; Himanshu Singh; Abhishek Anand.

Budget Status: N/A

Event Registration: The event was open for all BITians and no previous registration was taken.

Number of Participants: 17

Number of Certificates Distribution: 4

Code Industry Challenge Season 1 Event Report

Event: Code Industry Challenge Season 1

Event Date: 20th and 21st of February, 2021.

Mode of Conducting: Online

Platform used: Facebook, Instagram, Linkdin.

About Code Industry Challenge Season 1:

This event was held on the Facebook, Instagram, Linkdin handle of the club for two days. A post with a poster and a pdf of questions attached to it were posted on 7 PM on the above mentioned dates in the society's social media handles. The participants had to participate in teams of two. Each day two questions were posted and the participants had to solve them and code them within 4 hours. They had to mail the answers to the official mail ID of SIME after they had solved them.

Rules of the Event:

1. Winners of CIC season 1 will be the top 3 teams based on their total score out of two rounds.

2. Only team participation is allowed and there should be two team members.

3. There will be two rounds, each round will consist of two questions. Teams will have 4 hours' time in each round to attempt the questions and respond to them.

4. The weightage of the questions are divided as Q1-10 points; Q2-15 points; Q3-20 points; Q4-25points.

5. You have to mail your answers to sime@bitmesra.ac.in in seperate.txt files for each question with file name as "SIME_CIC_Team name_Question number".

6. The questions will be uploaded at 7 PM at social media platforms of SIME on the 20th and 21st of February, 2021.

7. Time will start as soon as the Questions are uploaded and teams will have 4 hours to respond. The Doc will close after 4 hours and no more response will be accepted.

8. Teams should check for indentations in between lines of codes in the Doc as the judgement will be done based on the code written in Doc and we won't be responsible for indentation mistakes.

9. The time of the entries will be recorded and used as a tiebreaker.

10. In case of points and time tie, there will be joint winners.

11. For each round, only the fastest 3 correct responses will be awarded points. Rest of the teams will score 0 points.

12. Certificates will be given to the winners along with prizes worth 1K.

13. Two days prior to the event, we will mail you some study links for you to understand about industrial operation management.

14. There is no constraint for time of execution.

15. Your programmes are going to be checked for plagiarism. Any team found guilty of cheating or copying will have their scores deducted.

16. Your solutions must contain all the necessary answers as stated in the question. Incorrect or missing outputs will lead to deduction of points.

17. No foreign ready to use functions should be included.

Evaluation Procedure:

Evaluation was done strictly on the basis of timing of the response by the participants. The first three participants who answered correctly got points according to the level of the questions, rest of the participants who answered after we got the first three correct responses did not score any points for that particular level. In case of all of top 3 answers being partially executed, a partial marking was done on the basis of the algoritms used in code. At the end of the event points acquired by the participants in all four levels were summoned up and winner were declared.

No. of Student Volunteers involved: 8

Budget Status: 1000 INR (Prizes)

Event Registration: The event was open for all BITians .

Number of teams: 21

Number of Participants: 42

Number of Certificates Distribution: 6

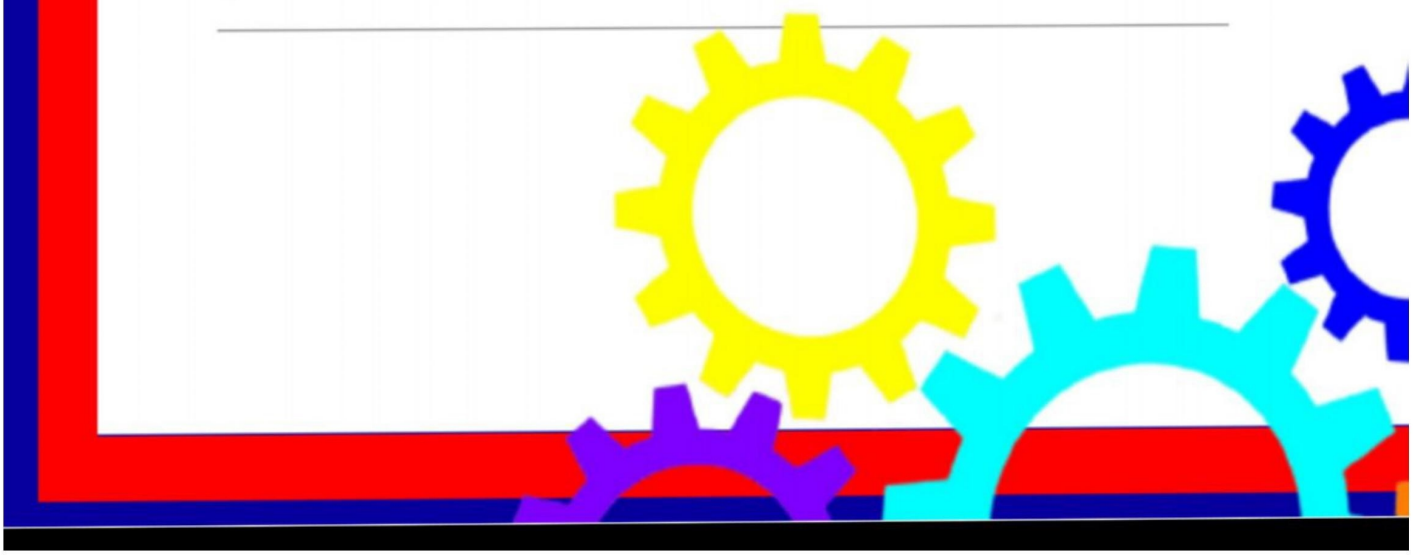
Code Industry Challenge Problems

Instructions:

1. The problem sheet contains 2 problems all of which are compulsory. There are NO options.
2. Your solutions must contain all the necessary answers as stated in the question. Incorrect or missing outputs will lead to deduction of points.
3. Your programmes are going to be checked for plagiarisation. Any team found guilty of cheating or copying will have their scores deducted.
4. You can refer and take all and any necessary help from the info booklet provided by us. All necessary technical information for the problems have been provided there.
5. In case of points tie, time of submission will be used as a tiebreaker.
6. You are bound to use C/C++/Python as the programming language.
7. No foreign ready to use functions should be included.
8. There is no constraint for time of execution.
9. You have to mail your answers to sime@bitmesra.ac.in in separate .txt files for each questions with file name as "SIME_CIC_Team Name_Question No"
5. Incase of any doubt or confusion regarding the problems feel free to reach out and contact us. Good luck and have fun !

Points Breakdown:

Questions 1 : 10 points
Questions 2 : 15 points
Questions 3 : 20 points
Questions 4 : 25 points



Q1. The linear programming model is given as :

$Z = 4x_1 + 5x_2 + 6x_3$

Subject to the pure constraints

$2x1+3x2+2x3 \leq 440,$

$4x1+ 3x3 \leq 470,$

$2x1+5x2 \leq 430,$

$x1, x2, x3 \geq 0$

Write a program to convert the above conditions into an opportunity matrix so that the objective function 'Z' is maximised. Print all the values of the decision variables and slack variables for which the stated conditions are satisfied. (You can assume all the points form a closed feasible area). You are bound to use Simplex Algorithm to solve this question.

Q2. The linear programming model is given as

$Z = 3x1 - x2$

Subject to the mixed constraints :

$2x1+x2 \leq 2,$

$x1 + 3x2 \geq 3,$

$X2 \leq 4,$

$x1, x2 \geq 0.$

Write a program to convert the given equations into an opportunity matrix so that the given objective function 'Z' is Maximized. Assume whatever slack, artificial variables necessary to satisfy the conditions. Print the value of the objective function and the decision variables. You are bound to use BIGM algorithm to solve this question.

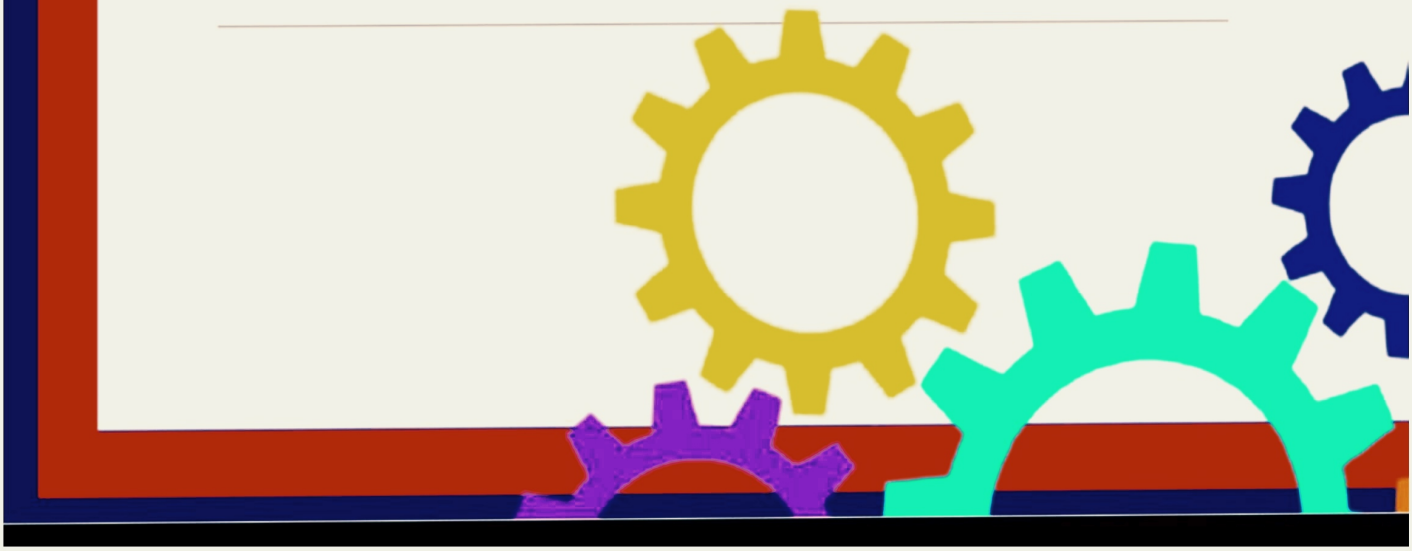
Code Industry Challenge Problems

Instructions:

1. The problem sheet contains 2 problems all of which are compulsory. There are NO options.
2. Your solutions must contain all the necessary answers as stated in the question. Incorrect or missing outputs will lead to deduction of points.
3. Your programmes are going to be checked for plagiarisation. Any team found guilty of cheating or copying will have their scores deducted.
4. You can refer and take all and any necessary help from the info booklet provided by us. All necessary technical information for the problems have been provided there.
5. In case of points tie, time of submission will be used as a tiebreaker.
6. You are bound to use C/C++/Python as the programming language.
7. No foreign ready to use functions should be included.
8. There is no constraint for time of execution.
9. You have to mail your answers to sime@bitmesra.ac.in in separate .txt files for each questions with file name as "SIME_CIC_Team Name_Question No"
5. Incase of any doubt or confusion regarding the problems feel free to reach out and contact us. Good luck and have fun !

Points Breakdown:

Questions 1 : 10 points
Questions 2 : 15 points
Questions 3 : 20 points
Questions 4 : 25 points



Q3. Write a program that minimizes the transportation cost of any feeded transportation matrix in a way such that the demand and supply is met in the given cells. You have to take plant quantity, distribution center quantity and transportation cost as input. Your objective is to find the initial feasible solution for a sequence of transporting the units from the plants to the distribution centres and print the transportation cost as your final answer.

Sample Inputs and Outputs :

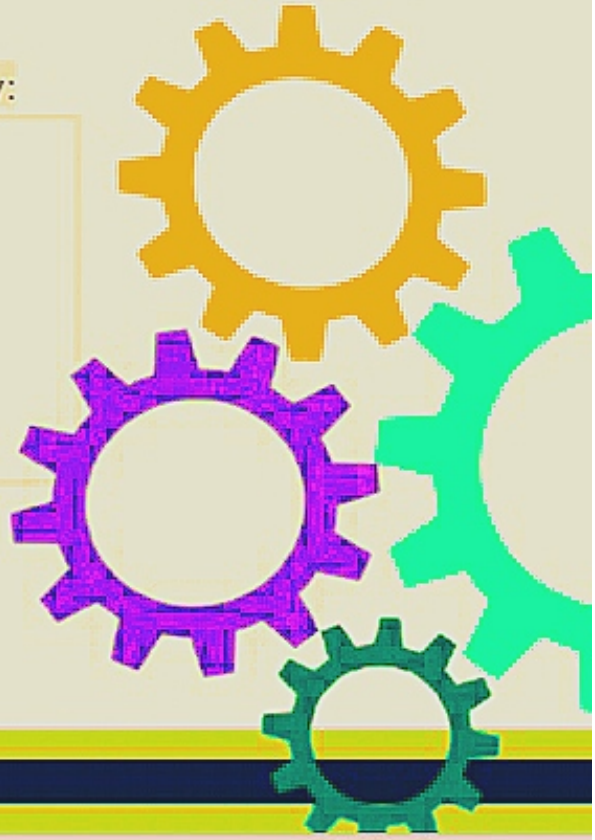
Enter the number of plants :
3
Enter the number of distribution centers:
4
Enter the transportation cost matrix with last column as supply and last row as demand:

This matrix is inputted in the command window:

TABLE

Distribution centres (Destinations)

Plants (Origins)	1	2	3	4	*Supply*
1	2	3	11	7	6
2	1	0	6	1	1
3	5	8	15	9	10
Requirement	7	5	3	2	17



The initial feasible solution yields the transportation cost of X.

Q4. Write a code which takes the input of N number of jobs with details like Job Name, Job Duration on Machines 1 and 2, Job Profit. To accomplish this task, only two machines are provided and all the jobs are needed to be completed. Each job has to go through the first machine and then the second machine. Code has to tell three optimum sequences of the jobs in terms of -

1. Lowest total elapsed time of both the machines
2. Higher profit jobs are given priority
3. Jobs requiring lesser total time (give priority to machine 1 as a tiebreaker) are completed first

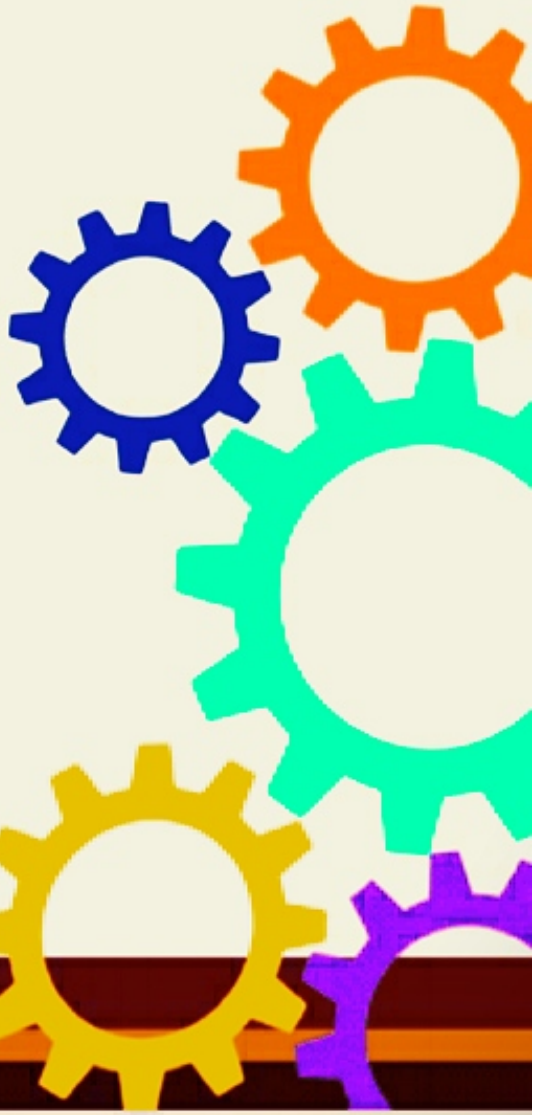
Apart from this, the output should also tell the total elapsed time for each sequence.

Sample Input and Output -

```
Total Number of Job?
3

Enter the name of job 1 -
Toy
Enter the production duration of Toy on machine 1 -
5
Enter the production duration of Toy on machine 2 -
3
Enter the profit per piece of Toy-
18

Enter the name of job 2 -
Ball
Enter the production duration of  Ball on machine 1 -
```



4
Enter the production duration of Ball on machine 2 -
6
Enter the profit per piece of Ball-
12

Enter the name of job 3 -
Gear
Enter the production duration of Gear on machine 1 -
5
Enter the production duration of Gear on machine 2 -
7
Enter the profit per piece of Gear-
40

Sequence for the least elapsed time is Ball, Gear, Toy which takes a total time of 20 minutes.
Sequence for higher profit jobs prioritized is Gear, Toy, Ball which takes a total time of 21 minutes.
Sequence for shorter duration jobs given priority is Toy, Ball, Gear which takes a total time of 21 minutes.

Birla Institute of Technology, Mesra

Automobile and IC Engine Workshop Report

Workshop Name: Automobile and IC Engine

Workshop Date: 23rd and 24th January 2021

Mode of Conducting: Online

Platform used: Google Meet

About the Workshop:

This workshop was aimed at providing an insight to the basics of vehicle dynamics, suspension geometry, Braking unit, Steering Mechanism, Transmission, IC Engine Working and various other automobile engineering aspects.

It mainly focused on Basics to Advanced concepts in Automobile Engineering covering chassis design, working of Suspension unit, Steering System, Braking unit, Transmission, Fuel Supply System, IC Engine and Advanced Technologies.

Each day was scheduled to hold two well-curated sessions, each of 2 hours on Day 1 and one session of 3 hours on Day 2, consisting of theory, question/answer, and live demonstration sessions.

Student Volunteer involved: Umang Srivastava, Rumi Bharti, Shreya, Shubham Kumar, Shashwat, Utkarsh

Budget Status: N/A

Event Registration: The event was open for all BITians

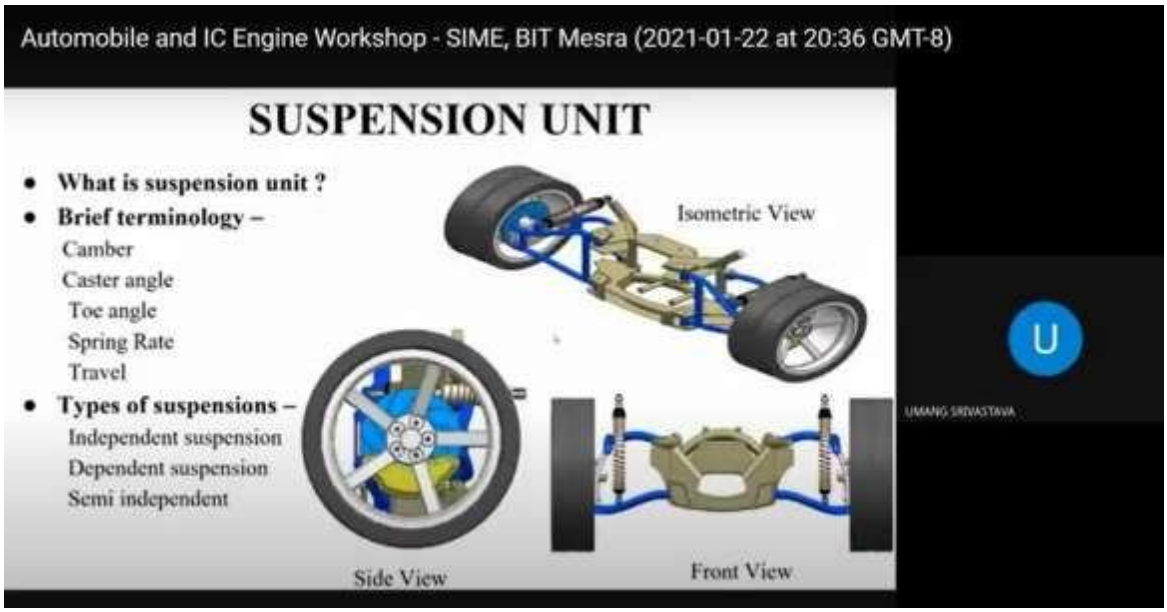
Number of Participants: 50+

Number of Certificates Distribution: 33 (To the participants who attended all the sessions)

Workshop Poster:

Workshop Highlights:

Session 1:



Automobile and IC Engine Workshop - SIME, BIT Mesra (2021-01-22 at 20:36 GMT-8)
SUSPENSION UNIT
What is suspension unit ?
Brief terminology –
Camber
Caster angle
Toe angle
Spring Rate
Travel
Types of suspensions –
Independent suspension
Dependent suspension
Semi independent
Isometric View
Side View
Front View

Automobile and IC Engine Workshop - SIME, BIT Mesra (2021-01-23 at 02:41 GMT-8)
TRANSMISSION SYSTEM
Functions of transmission
Necessity of transmission
Flywheel
Clutch
a. What is a clutch?
b. Location and Requirement
c. Types
Gear box
a. Working of gears and Purpose
b. Types
c. Reverse and its working
Types of transmission
Differential
2WD, 4WD, AWD
Tyres
a. Tyre size notations
b. Tyre types
Traction Control
S
shashwat varma

Session 3:

Automobile and IC Engine Workshop - SIME, BIT Mesra (2021-01-23 at 21:41 GMT-8)
BRAKE
A BRAKE IS A MECHANICAL DEVICE WHICH INHIBITS MOTION
WORKING OF BRAKES
A common misconception about brakes is that brakes squeeze against a drum or disc, and the pressure of the squeezing action slows the vehicle down. this is in fact a part of the reason for slowing down a vehicle.
Brakes use friction of brake shoes and drums to convert kinetic energy developed by the vehicle into heat energy.
When we apply brakes, the pads or shoes that press against the brake drums or rotor convert kinetic energy into thermal energy via friction.

ASTA DI AUTOS

Event Report

Event: ASTA DI AUTOS

Event Date: 3rd and 4th of April, 2021.

Mode of Conducting: Online

Platform used: Facebook, Instagram, Linkdin, Google Meet.

About ASTA DI AUTOS:

This event was held on the social media handles of the club. For **Round 1**, a post with question link was posted on 7 PM. Participants had to answer the questions in the given time.
A registration form was sent along with poster of the event on various social media handle of SIME, in which participant registration was recorded with their team name & other member details.
For **Round 2** {which was Auction Round}, was conducted live with top teams through Google Meet.
• Rules for this event was provided to the participants at the time of registration.
At the end of day 2, all the responses were summed up and then winners were decided.

Rules of the Event:

1. Winners of ASTA DI AUTOS will be determined on the basis of combined score of round 1 and round 2.
2. Only team participation is allowed and there should be 2 team members.
3. There will be two rounds, first round will consist of aptitude, school level mechanics and basics of automobiles questions. Top 6 team will qualify for final round based on their score.
4. Each question will have the same weightage (1 point for each), no negative marking!
5. Final round is the Auction round where the top 6 team would have to bid with a fixed virtual budget assigned.
6. Round one will be held on google forms and link will be uploaded at social media platforms of SIME on the 3rd April at 7 PM.
7. Time will start as soon as the link is uploaded and teams will have 30 minutes to submit their answers. The form will close after 30 minutes and no more response will be accepted.
8. Winners of final round will be decided on the basis of economic efficiency, performance factor of the car and weight of the car.
9. The time of the entries will be recorded and used as a tiebreaker.
10. In case of points and time tie, there will be joint winners.
11. Certificates will be given to the winners and also there are prizes worth 1.5K .
12. In case of any doubt or confusion regarding the problems feel free to reach out to thisissameer007@gmail.com

Evaluation Procedure:

Round 1:
Online Test was conducted amongst the registered teams based on Aptitude and Automobile questions. After the test top 6 teams was selected for the second round.

Round 2:
The 2nd round was the Auction Round where the top 6 teams would have to bid. Every Team was assigned with a particular amount of budget in the beginning. Teams were bidding for various segments of a car like chassis, brakes, wheels, engines, transmission etc. Every Part of a car was having 6 different varieties. For Example: Chassis are of different type Monocoque, ladder, Spaceframe etc. Different participants were bidding for different parts which they think were the best. Every part was having its rating on the basis of its Performance, use and capability. Like in Chassis, Monocoque is best so it had a rating 10/10 while ladder be had a rating 6/10. Similarly, every part had a rating which were not visible to the participants and it was on their knowledge to guess which part had the best rating and which part they should go for. At the end when all parts were sold the team with highest total rating became the winner.

Event Recording: https://drive.google.com/file/d/1oZeeSMXor13QhOD9-a9LnNSqGtsztNhU/view?usp=sharing

Final Score sheet:

Asta Di Autos Scoresheet

Team Name	Gear A	Gear B	Gear C	Gear D	Total	Ranking
BumbleBee	0	50	50	50	37.5	1
G Volt*	20	30	0	30	20	2
Crusuaders	50	0	30	0	20	3
Sharif Larke	30	0	20	0	12.5	4
Silver Arrows	0	0	0	20	5	5
Super Knights	0	20	0	0	5	6

There are four gears (criteria) of scoring. Each have an equal weightage in final scoring.	
Gear A	*Based on the performance in Gear Up round*
Gear B	*Based on the economic status of the car (the least spent, the more points awarded)*
Gear C	*Based on the performance of vehicle (best sync between the components)*
Gear D	*Based on the Presentation, Justification and Answers given to the Panelists*

Scoring Criteria is the top performer in each gear is awarded with 50 points and the second and third top performers are awarded with 30 and 20 points respectively. And the bottom three teams get 0 each.

Total = Average of the scores in all four rounds (Simple averaging formula have been used).

** G Volt and BumbleBee both scored 28 in gear up round. G Volt has been awarded the point on the basis of time of submission.*

Tie-Breaker Priority of the Gears - Gear D > Gear C > Gear B > Gear A

The top 3 teams will be awarded with the prizes and certificate mentioning their podium finish while the bottom three finalists will be awarded with the finalists certification.

No. of Student Volunteers involved: 10

Budget Status: 1500 INR (Prizes)

Event Registration: The event was open for all BITians.

Number of teams: 11

Number of Participants: 22

Number of Certificates Distribution: 6 for 1st, 2nd and 3rd position and 6 for other finalists.

SMAC ACTIVITY REPORT 2020-21

SPORTS MENTORSHIP & ADVENTURE CLUB

BIRLA INSTITUTE OF TECHNOLOGY
MESRA, RANCHI

ABOUT THE CLUB:

Sports Mentorship and Adventure Club has been providing students the much required amalgamation of sports and adventure activities along with early guidance. BIT Mesra firmly believes in all-round development. Since 2010, Sports Mentorship and Adventure Club leads the way by assuming responsibility for the physical and mental wellbeing of all our students by organizing sports-related events and encouraging participation. Our events have been the most ideal rendezvous for anyone and everyone who have the tiniest of interest in sports Apart from making students physically active, the activities are sedulously organized to help them become more focused and train their minds to accommodate ideas of team spirit, leadership and accountability. Mentorship Drives are meticulously designed in the form of seminars, webinars and interactive sessions with our Alumni and other inspirational personalities with a sincere goal of guiding the students to discover their passion, purpose and direction. Also, at a point of time where everyone has been a victim of the pandemic and its crisis, we made sure that there is no hindrance in the club's activities. From organizing online webinars and e-sports fest, SMAC has proved and will forever continue to prove its mettle.

Members of the club and participants interacting with Captain Dharamveer Singh.

SPORTS MENTORSHIP & ADVENTURE CLUB

BIRLA INSTITUTE OF TECHNOLOGY
MESRA, RANCHI

DESCRIPTION:

With the pandemic taking a toll on the lives of everyone, students were in a tight spot. Quite obviously, insecurities about the future started creeping in. Hence the Sports Mentorship and Adventure Club, SMAC BIT Mesra decided to conduct a Mentorship Drive Program wherein students can get the answers of the questions that they are stuck in.

Captain Dharamveer Singh gave an insight into the army life and how students can apply for it and make a good career. Also, our very own seniors were a part of the program and they untangled the mess and motivated us to use this lockdown to prepare ourselves for the better. It was truly an inspiring program that was conducted amidst the lockdown.

DESCRIPTION:

During these unprecedented and challenging times where being locked in our homes without friends had become the new normal , when everyone was running out of options for entertainment, the BCCI brought lots of joy in every household when they announced the commencement of the 13th edition of the Indian Premier League from 19th of September2020 in UAE. As the world's most spectacular cricketing league was finally about to begin, SMAC came forth with its annual IPL event DUGOUT. It was an opportunity for all the cricket enthusiasts to predict, analyze and have some fun with their buddies.
The event consisted of two rounds. For the first round, everyone was provided with questions on alternate days on our social media pages, and the participants were expected to answer them before the first ball was bowled. The top contestants qualified for the next round scheduled in the IPL playoffs where they had to form their own teams on Dream 11 and were judged as per the Official Fantasy League Rules.

DESCRIPTION:

When we look back over the history of football, it's never truly the realities of matches or seasons that we remember. It's the individual moments, the last-minute winners, the touches of transcendent quality, the disallowed goals and the shock incidents that we reminisce about.
What Happened Next was an exhilarating event filled with passion for all such football enthusiasts who live for the moments.
The event consisted of two rounds. Both the rounds were quizzes on football consisting of all kinds of questions—textual, image based and video based. All the participants were divided into groups of 5 for Round-1 and the best performers amongst them qualified for Round-2. These teams then faced off against each other in Round-2 to decide the winner.

DESCRIPTION

As grains of the Indian sand we are bound to be tinted in different colors and blown around by different winds. But the oasis of this desert lies in its unity : the unending fraternal bond amidst these sandstorm days.

Keeping in mind this spirit, Rotaract Club of BIT Mesra presents, "BHARAT DARSHAN", a newfangled online event which aims to connect different cultures, traditions and communities on the basis of their cultures, foods, dresses, customs, their heritage and their social issues and achievements.

This will be achieved through four different themes where each participant will have to choose a region to express throughout the event, which, when expressed in their own way, will be a feast for every sore eye.

DESCRIPTION

The 2nd wave of Covid-19 virus has hit us in the worst possible way. Reaching 3.5 lakh new cases per day, India is at the top of the table of active and new cases of Covid-19 among all the other countries. It is vital that the people of India give in their best for their fellow citizens, to brace for what's to come, and to put our country above this sea of cries and despair.

As a part of one of its key responsibilities, Rotaract Club of BIT Mesra has put together all resources it has. We further invite and request everyone in need to directly ask us for help. All our resources are at your disposal

NEWS AND PUBLICATION SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

ACTIVITY REPORT 2020-2021

ABOUT US

News and Publication Society organizes and conducts various journalism-centric and writing-based events wherein students are given opportunities to hone their critical thinking ability and enhance communication skills that are very much needed in the corporate world. All of these events require a diligent analytical mindset with regards to issues of national and international importance and are followed by a transparent evaluation to ensure a healthy competitive spirit among Bitians. As the official media club of BIT Mesra, the primary aim is to keep you updated and help you make the most of what your college has to offer you, while also helping you make informed decisions through the experiences of people who have been successful in some of the other walks of life. This is the fourth pillar of BIT Mesra which highlights the technical activities of students, student bodies, and departments at local, national, and international levels with the support of online social media and media houses.

a) Endeavouring to bring about general awareness among individuals to help them become responsible citizens of tomorrow.

b) Bridging the gap between the students and the administration continues to ensure that information is easily accessible to everyone.

c) Inducing curiosity among the students about global affairs by releasing opinionated editorials and articles on a regular basis.

d) Fostering and promoting the spirit of journalism among the students.

Birla Institute of Technology, Mesra

Issue 12, March 2021

« WELCOME TO BIT MESRA

Established in the year 1955 by the visionary industrialist Mr. B.M. Birla, Birla Institute of Technology, Mesra was among the first technical institutions to be set-up after independence with a dream of propelling India to the pinnacle of global engineering prowess. Scrupulously situated in the serene outskirts of the charming city of Ranchi, BIT Mesra was initiated with a virtuous vision to offer its young minds a comfortable learning space, where their intrepid ideas are allowed to spread wings and transcend imaginative boundaries. Over the last six decades, the institute has adroitly crafted an unparalleled legacy of academic excellence in research and innovation.

From the time of its inception, BIT Mesra has basked in the glory of its illustrious past and continues to exude inspiration from the multifarious pioneering achievements that the college has spearheaded. From being the first technical institution to establish a Department of Space Engineering & Rocketry way back in 1964, BIT Mesra is also known for initiating the concept of Science & Technology Entrepreneurs Park (BIT-STEP) well before it was adopted as a national model. The college's state-of-the-art facilities provide an adept amalgamation of theoretical learning and hands-on-experience with research labs and innovation centres, which are essential to equip students to dive deep and adapt to the contemporary industrial requirements. From advanced technical laboratories with high-end servers to a colossal collection of print and digital learning resources in around 3200 undergraduate and postgraduate students along with 600+ members of the faculty. At BIT, sports and co-curricular activities are given equal impetus as the students enjoy the finest recreational and sports facilities that stimulate the holistic development of the students, preparing them for the world of tomorrow. The Training and Placement Division diligently ensures copious job and internship opportunities for students of all disciplines. The diversity and the concoction of creative ideas inculcate a coherence of technical and soft skills among BITians, making them aptly suited and also well capable of contributing to the meteoric rise of any organization they join.

Besides placements, the erudite campus atmosphere assists and encourages students to take a leap forward in higher education in making it to the prominent business schools or technical institutions in India and around the world. Apart from these conventional

'Bitotsav', which attracts students from across the country. An epitome of endless escapades, this four-day carnival comprises an array of ebullient events, insightful workshops and star-studded nights graced by performances of some of the most renowned celebrities of India and abroad. We have been a witness to enthralling shows by Salim-Sulaiman, Farhan Akhtar, Sunidhi Chauhan and Amit Trivedi to name a few. When it comes to 'Vajra', the annual sports fest, we experience superlative emotions as the adrenaline rush witnesses unbridled enthusiasm and thirst for victory among the competitive participants in multitudinous sporting events. It all comes down to the sports complex where colleges from across India battle it out in the fields to claim the Vajra Championship. The technical fest 'Pantheon' brings with itself a three-day extravaganza featuring a plethora of technical events including brainstorming contests of Coding, Robotics and problem-solving which compel the participants to charge up their grey matter, which test not only their adroitness but also ensure that they have fun while participating. The nights are an invigorating and enthralling melange of scintillating dance performances, multifarious band concerts and intellectually captivating dramatic performances.

As you begin your college life with excitement, we coax you to contemplate how you will manoeuvre your journey through the plethora of academic and

LEO Club: Students' Chapter

Birla Institute of Technology, Mesra

ACTIVITY REPORT 2020-2021

About The Club:

Leo Club is the student chapter of Lions Club International which is a global network of volunteers working together to make a difference. Its amenities stand for the moto- 'Always Working for a Cause'. Our mission is- "To promote service activities among the students and to develop the individual qualities of Leadership, Experience and Opportunity. To unite its members in friendship, fellowship and mutual understanding". We provide students an opportunity for development and contribution, individually and collectively as responsible members of the local national and international community. Our aim is to diversify the vast energies of the youth towards constructive activities. We encourage the development of leadership qualities by participating in social service activities. Leo club is sponsored by Lions club and comprises of an official program of Lions Club International.

LEO Club- BIT Mesra, works actively to help around the vortex of social issues. LEO Club withholds integrity and pride in doing what the hour demands. The club has provided to various districts around BIT Mesra as a contribution to help uplift the community around the college, the help maybe in the form of money, necessities or emotional support. The story of our club entails 'passion and the will to work for the community'.

EVENT: AWG UG RANCHI

SUMMARY SHEET

name of the event	AWG UG RANCHI
organised by	IETE BIT mesra students' chapter
date	19th July 2020
no.of students volunteer	4
no of participants	240
speakers	3
name of the speakers	Ankit Kumar Gupta (AWS APN Ambassador) (AWS community hero) (Co-organiser AWS Kolkata) Suman Debnath (AWS principal developer advocate) (AWS community evangelist) Neha Goankar (AWS senior developer advocate) (AWS community evangelist)

DESCRIPTION:

AWS (Amazon web services) is a subsidiary of Amazon that provides on-demand cloud computing platforms and APIs to individuals, companies, and governments, on a metered pay-as-you-go basis. It offers inexpensive cloud computing services. The technology which is being implemented all around the world is server farms which are being maintained by the Amazon subsidiary. Fees paid to the subscribers follows the model of pay-as-you-go. The benefits of AWS can be seen like it gives a platform where it provides us with operating systems , programming languages and all other major services we need.AWS is a trusted service which helps the firms in many workloads like game development. This collaboration brings technology and enthusiastic people together to learn new services about AWS. Tech enthusiasts from IETE participated in the speaker.

EVENT: HACKTOBER FEST 2020 DAY 0

SUMMARY SHEET:

topic	let's talk open source
platform	GDG Ranchi YouTube Channel
date	2nd october 2020
speakers	Harshit singh , Saksham Kapoor
collaborators	CodeAsylums, Coding Blocks , GDG Ranchi DSCs

DESCRIPTION:

HacktoberFest 2020 kickstarted on 2nd October with an amazing and interactive session on Open Source where the speakers cleared all the doubts and introduced the participants with basics of Open Source and its functioning.

EVENT: HACKTOBERFEST 2020 DAY 1

SUMMARY SHEET:

topic	Diving into GITHUB ecosystem
date	3rd october 2020
platform	GDG RANCHI YouTube channel
speakers	Vishal Gorai
collaborators	CodeAsylums, Coding Blocks, GDG Ranchi, DSCs

DESCRIPTION:

Day 1 of Hacktoberfest was accomplished successfully with an interactive session where the speaker explained about the online collaboration platform GITHUB and GITHUB Ecosystem and cleared all the queries of spectators.

EVENT: HACKTOBERFEST 2020 DAY 2

SUMMARY SHEET:

topic	1. Opportunities for women in technology 2. Pathway to open source 3. Genies and Wishes
date	4th october 2020
platform	GDG RANCHI YouTube Channel
speakers	1. Tayba Wasim 2. Md. Shahbaz Alam 3. Shina Dhingra
collaborators	CodeAsylums, Coding Blocks, GDG Ranchi, DSCs

DESCRIPTION:

Day 2 of Hacktoberfest was a grand success covering a broad spectrum of technical topics. The first in the line of interactive sessions was an edifying discussion on the Opportunities for Women in Technology followed an informative session on Git and VCS. The event concluded with a notable session on Open Source along with the tips and myths related to the same.

EVENT: WEBINAR ON CAREER OPTIONS

DESCRIPTION: IETE Club organised a webinar on Career Options. The speaker of the webinar was Sharad Agrawal, a 2k11 BIT Alumni, who is currently working on a ML/AI-based Product Development & Big Data Solutions for Corporate Cards Business at American Express.

EVENT: CLD WORKSHOP

DESCRIPTION: Due to the situations in the pandemic, this year CLD Workshop of IETE was held online. IETE received registrations from over 100 students. The Circuit Logic and Design Workshop gave the attendees a hands-on experience with the basic electronics circuitry and the practical implementation of circuits around us. It was aimed at building a strong base for the initial years in the study of electronics engineering and electrical engineering. The workshop also gives the attendees a fair bit of understanding of Multisim, a very essential software in this field of study.

NAME OF EVENT: IEEE Day (6th October, 2020)

DESCRIPTION:
IEEE Student Branch, BIT Mesra organized another edition of one of our Flagship events, Mega Project. Mega Project 4.1 is a team event where all the participants, with the help of mentors, bring their ideas into reality. It is a platform for students to showcase their innovative ideas in working. During the initial phase of Mega Project, the participants worked on a project of their choice which could be from any domain of technology with the help of the mentors. After a month of collaborative development, the symposium was held in two rounds. Finally, 10 teams were selected for final YouTube live. This not only encouraged the participants to make something innovative but also taught them to present their work effectively.

The top 3 teams were:
1 - BUG ASSASSINS (Utkarsh Kumar Singh, Shridhar Thakur, Vidit Chopra)
2 - COPY_PASTE (Bhavya Hoda, Vedant Janardan, Mansi Kanoi)
3 - HTTP 404 (Samir, Sagar Kumar, Shreya Prasad)

NAME OF EVENT: C/C++ Workshop (15th April, 2021)

Organized under Program/Bodies/Club/etc.	IEEE Student Body
Venue/Place/Visit	Online
Duration: 1 Day	On 15th April, 2021
No. of Student Volunteers	around 10
No. of Participants/Beneficiary/etc.	100+
No. of Certificates/Award Distributions (If Any)	Not Applicable

PHOTOGRAPHS:

Official Poster of The Event

DESCRIPTION:

The workshop on Git and Github was a workshop organised by IEEE BIT Mesra to enlighten the participants of the various methodologies to contribute projects through Git and Github. Apart from theoretical aspects we also demonstrated it practically, so that the participants could get the maximum from the workshop.

We also discussed how to contribute to open source projects. Thus opening the gateway for people who were new to this domain.

Overall the event garnered a participation of 100+ students mainly from the first years (which exceeded our expectations). It was well appreciated and applauded by the participants.

FINE ARTS SOCIETY, BIT MESRA

ACTIVITY REPORT 2020-2021

About Us

Fine Arts Society is the most creative club of BIT Mesra consisting of a multi-talented Artists and creative people. Also known as 'FAS' we have one of the largest numbers of members registered in rolls, with the count exceeding 100 including all the batches. Our sole purpose is to promote art, craft and design among the students of BIT MESRA and help them to polish their skills in this field. Various workshops like Charcoal workshop, Water colour workshop were organized for the students of this institute. Our talented members are the backbone of this club, are very versatile and have command on almost all media related to art and craft. Being the design team of PANTHEON – The Technical Fest and BITOTSAV – The Cultural Fest, we are responsible for decorating the whole campus with beautiful hand painted posters and craft works which are major attraction for everyone attending the fests.

ENVIRONMENT PROTECTION AND AWARENESS CLUB
BIRLA INSTITUTE OF TECHNOLOGY
MESRA, RANCHI-835215
(Deemed University u/s 3 of UGC Act 1956)

Patron: Dr. I. Manna

Faculty Advisor: Dr. R. Naresh Kumar

Activity Report 2020-2021

ABOUT US:

The Environment Protection and Awareness Club of BIT Mesra, known by the sobriquet of EPAC is a club whose sole motive to instigate the students of our campus to proactively contemplate about the detrimental effects on our environment in the current scenario. It has been observed in the past years, that deleterious actions have been undertaken by the humans which has led to a global environment crisis. We have started a plethora of initiatives in our lush green college campus to aid the upliftment of the environment and make the students aware of the repercussions of an unhealthy environment.

As a club, we organize JSEF which is the Jharkhand Science and Environment Festival, the largest Science festival in the East Zone for school. Apart from JSEF, we organize treasure hunts, online essay and poster making competitions, quizzing activities with the central focus on how to save Earth. All through these years, we have worked with devotion and unflinching dedication in every aspect that we could; our members hold the credit for introducing dustbins everywhere in the campus and switching to a non-plastic campus for the very first time. These events have been monumental in laying the foundation of a club that makes sure that we prioritize our environment before anything else.

No. of Certificates/Award Distributions (If Any)	Certificates to Top 3 Participants

PHOTOGRAPHS/MEDIA REPORT (WITH LEGEND/ABOUT PHOTOGRAPH):

प्रकृति के संग इस तरह खेले हम,
विलुप्त हो गई कई प्रजातियां।
घाव लग रहे थे तब वसुंधरा को,
जब लड़ रही थीं मानव जनजातियां।

रेत की कण की तरह,
बिखरे रहते थे आसमान में सितारे।
आसमान भी काला होता गया,
ओझल हो गए वो दिलकश नज़ारे।

भला क्यों हम यह बात नहीं समझते,
कि अंत में हम भी इस मिट्टी में मिल जाते हैं।
ज़रा सी करवट धरती लेती,
और ऊंचे से ऊंचे इमारत हिल जाते हैं।

नित नई-नई प्रकट हो रहीं आपदाएं,
चीख चीखकर बस एक ही सबक सिखा रहीं।
पलट कर देखो, तुम वाशिंदे हो यहीं के,
अपने घर की जो हालत कर दी, वह दिखा रहीं।

The Main Poster and the winning Entry.

DESCRIPTION:

An event which allowed students to share their concerns regarding the nature through their literary work.

Poster of a Nukkad Natak which was released.

DESCRIPTION

Ehsaas Dramatic Society has been versatile when it comes to conducting events which varies from monoact to stand-up comedy to stage plays and many more. The Ehsaas yatra was a report on the events organised by Ehsaas in the previous session, showcasing the growth and development of members of the club in the field of dramatics. The events included different artforms which were performed at multiple college fests in the past few years:

- Nukkad Natak: Jail, Mob Lynching, Protest and Fake News.
- Stage plays: Nigro Baba, Vikalp, Sannatta, Vaikartana and Hisaab.
- Mimes: Gold Digger, Azaadi, Fake_Dark side of Internet and Menstruation.
- Musical Skits: College Life, Education System, RIP Science and Life of an Enterpreneur.
- Standups(Performed by): Prajjwal Pandey, Vinu Malviya, Harsh Singh and Rohan Saxena.
- Monoacts(Performed by): Naj Kashyap, Ishman Kaur, Rajanish Karan, Muskan Jha, Anurag Jha and Akanksha Singh.

PHOTOGRAPHS

DESCRIPTION

We presented before the audience a series of documentary episodes. The second episode and trailer of the documentary titled, "Beyond The Lines – LAC And McMohan" primarily focused on the Indo-Chinese relationship and its evolution with time. The documentary emblazoned the great determination, zeal, and courage of The Indian Army who fought tooth and nail at the border for their motherland. In-depth research was done about the events that took place between the years 1962 to 1967. Being the first episode, there were a lot of difficulties as well as opportunities for the club. It was a great experience for all those involved. The major tasks during its creation were Research, Editing, Story Writing, Acting, and Marketing. These tasks also enabled club members to understand the online ecosystem in a better way.
The overall reach across all platforms summed up to 616, along with 112 likes.

DESCRIPTION

Amidst the corona pandemic, industries across the world have changed their techniques. Even events having live audience adapted to the new normal.To become acquainted with this, on the eve of 5th September 2020 in collaboration with the Ranchi Komedians, Ehsaas Dramatics Society arranged an exclusive online stand-up Evening. This event featured six artists performing from different parts of the country. The show was hosted by Prajjwal Pandey, a member of the Ehsaas Dramatics Society for over two years. During the event, aspiring stand-up artists talked about various topics spanning from problems in politics to issues like missing colleges and schools. The footfall for the event was around 150.

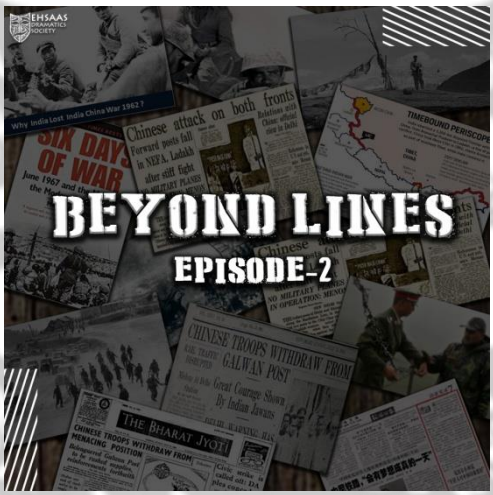
PHOTOGRAPH



Poster for the event

DESCRIPTION

The trailer to the second episode (part one) released on the 18th of September 2020 on the social platform YouTube, followed by episode two which was released on the 20th of September. The episode started on a disturbing note. War heroes were being brought back from the 1962 war between India and China. A war, which India not only lost but paid a huge price in the form of thousands of brave martyred soldiers of The Indian Army. But what was the reason for this loss? Why did we lose this war? These questions were addressed in this episode. There were issues in finding the proper footage and audio tracks and many ideas had to be aborted due to a lack of resources. But the final execution was applauded. The second part of episode 2 was launched on the 28th of September 2020. The episode opened with us getting to know why Sikkim was so important that it led to the 1967 war. A description of how India made China taste their own medicine was briefly made. Hence came an end to an epic saga. All the questions in the viewer's minds were answered. There is always a scope for improvement and we look forward to achieving further perfection in our work.

Overall, the video achieved a reach of above 600 and the number of likes were more than 125.

DESCRIPTION

In addition to shift from site work to work-from- home, the pandemic has also brought about a digital shift from live events to online events. On the eve of 10th October 2020, in collaboration with Chat Gully, Ehsaas dramatics society organised it's second online live event. This event featured six stand-up artists both from colleges and Chat Gully,an organisation adept at online open mic and cracking people up with their wit. The show was hosted by Sangam Bharti. The event also gave new artists a chance to showcase their talent. The event also featured Milind Kapoor (@Chat_Gully, Instagram). It was a good opportunity for budding artists to interact with a huge audience and work with experienced stand-up comics. This event aimed to provide people with a medium to attend stand-ups filled with new content along with the convenience of grabbing some popcorn and drinks at their homes. The footfall for the event was around 100.

DESCRIPTION:

To strengthen the social-emotional learning and keep the creativity active, since 2008 Ehsaas Dramatics Society, BIT Mesra has conducted intra-college dramatics event - Apoorv Dramzest. Every year Dramzest is organised the memory of late Mr. Apoorv, who was the former president of Ehsaas Dramatics Society in the year 2013-14. This year due to the COVID-19 pandemic the event was organized online from 25th to 27th December 2020. With 30 participants from batch 2019 and 2020, 25 mentors from batch 2018, and judges from batch 2017, together made this event a success. All participants and mentors were divided into 6 teams and had 40 days to prepare 3 different art forms which included audio play, video play, and mono act/ standup.

Out of the 6 teams, team “Kuch Kehna Hai” finished first and was awarded a cash prize of Rs.12,000 followed by team “Haan Yeh Karlo Pehle” was awarded a cash prize of Rs.8,000. Apart from this, there were some individual awards with a cash prize of Rs.1,500 in each category which included, Best Actor (Male) and Best Actor (Female) won by Vyomesh Ojha and Akanksha Singh respectively, Best Performer(Monoact/Standup) was awarded to Adarsh Prakash Pandey and Best Writer/Director was awarded to Aparna Shambhavi, Vyomesh Ojha, and Sana Khan. All 25 mentors received Rs.1,000 each as a token of appreciation for their constant effort and guidance.

January 9, 2021

Subject: Approval of funds for Dramzest'20

Respected Sir,

To strengthen the social-emotional learning and keep the creativity active, since 2008 Ehsaas Dramatics Society of BIT Mesra has conducted the intra-college dramatics event - Apoorv Dramzest which is organized by the Apoorv Foundation. The Apoorv Foundation was formed by the parents of late Mr. Apoorv ,who was the former president of Ehsaas Dramatics Society for the year 2013-2014. He had a deep passion for dramatics, so in his memory, this event is held every year without fail. His parents look forward to it and we made sure that a pandemic couldn't stop this annual event to which they are emotionally attached.

Due to the COVID-19 pandemic, the event was transitioned to an online experience from 25th to 27th December, 2020. The potential students from batch 2020 to 2017 virtually integrated and mentored the process to put on this successful event.

We are writing to request your approval through signature for receiving the deserving pool of prize money so as to distribute it among the rewarding participants.

Thank you for consideration concerning this matter.

Yours faithfully

DESCRIPTION

The theatre workshop Pièce de thèâtre was mentored by Mr. Kuldeep Singh Sengar who is a well known actor, director, designer, acting trainer and teacher trainer associated with National School Of Drama, New Delhi. The workshop started off with Aastha Singh welcoming the guest mentor. An elaborated discussion around the concept of acting and theatre was followed by fun and interactive exercises. This workshop came to an end with a question and answers session which involved a lot of encouragement and motivation along with various tips, advices and suggestions.

DESCRIPTION

Like any other performing arts, stand-up comedy holds an importance in itself. Not letting its charm die admist this pandemic, Ehsaas Dramatic Society held an online event "Ek Shaam Shingles ke Naam" which was a stand-up comedy event in it's true nature. Hosted by Pratichi on 14th February, 2021. Making an effort to lighten spirits, this event got a total of 260 likes with views spanning to around 1.8K. Thinking out of the box and making this day special for singles as well, a total of 7 participates engaged the audience with satire. This event was open to all without any entry fee, giving the comedienne an ideal look-in.

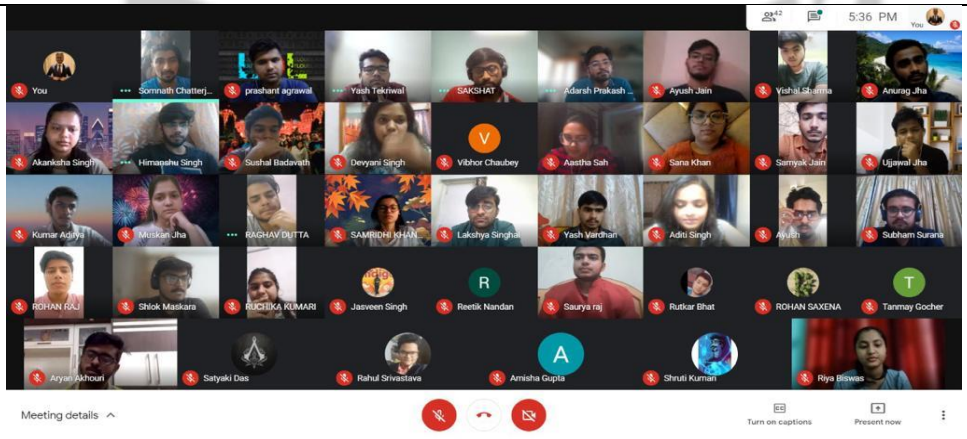
No. of Certificates/Award Distributions (If Any)	NIL



Participants in discussion with Somnath Chatterjee sir regarding the art of improvisation.

DESCRIPTION:

Improvisation has always been considered as an important tool in the world of theatres and drama. Ehsaas Dramatics Society realizes the importance of this artform in enhancing acting and creative skills. So, on 14th of April 2021, an **informal session** was organized by Ehsaas Dramatics Society focussing on developing improvisational skills among the participants. The participants were across all batches (K17 to K20).

Club had invited Mr Somnath Chatterjee, an NSD alumnus who owns a You-tube channel named Bread Butter Toast. He shared many valuable acting tips with the participants after which sir also answered some questions put up by the participants.

In order to brush up their acting and creative skills the participants played many improv games among them in an informal format. These games included Questions only, Numbers, Switch, Advertisement etc.

ENTREPRENEURSHIP DEVELOPMENT CELL
BIRLA INSTITUTE OF TECHNOLOGY - MESRA

ENTREPRENEURSHIP DEVELOPMENT CELL , BIT MESRA

Entrepreneurship Development Cell is dedicated to fostering the culture of innovation led startups and entrepreneurial mindset amongst the students of BIT, Mesra. The team of EDC has always worked on the path of providing inception to performance and always believed in making a change in the lives of many. A buzzing body of individuals with interests in several fields, right from finance, business, technology, innovation and much more, the Cell has always strived to be the best. The main aim is to bridge the gap between innovations and opportunities and bring together seasoned entrepreneurs on a forefront to grow and develop the spirit of innovation and advancement.

EDC is the proud flag bearer of all the entrepreneurial activities in the institute. The team of the Cell not only organizes a variety of events, webinars, workshops and guest sessions involving some of the seasoned entrepreneurs from the industry, but also instigates a number of vivid events based on the real life simulation of practical situations. We have always strived to turn a plethora of opportunities into bright ideas and cater to the needs of every buzzing mind.

The team consists of students from every branch and all years of the curriculum. All of them have a spark within to do their own small bit to change the startup world with consistent efforts and a goal based approach. With several startups already functioning under the banner of the Cell, EDC has made it crystal clear that every idea can turn into reality with just the right steps and approach. The perseverance to succeed and our choice to be the best has always made the team a perfectly refined one.

The main highlight of the Cell is the annual Flagship event E' Summit, the largest professional entrepreneurial festival which has made its mark in entire India by reaching unceasing boundaries of business outreach and collaboration.

Entrepreneurship Development Cell is the place in BIT Mesra where ideas meet reality, dreams come true, a thought becomes a story and the vividness of life merges with the truth of living. EDC not only promotes entrepreneurship but also creates an environment to learn , grow, innovate and become a new individual to face challenges in the true sense.

Report

Program/Activity Name: Entrepreneurship Acknowledgement Drive, 2020
Program Theme: Promoting Start-ups through our platform
Start Date: 1st September,2020
End Date: 27th November,2020
Number of Student Participants: 16
Mode of Promotion: Facebook and Instagram

Overview

Objective

Provision of obtaining public recognition, mentorship from industry professionals as well as collaboration proposals from Entrepreneurship Development Cell, BIT Mesra.

Benefits in terms of recognition attained:

1. A good amount of reach of our posts was observed.
2. Development of a positive image about the start-ups.
3. Great opportunities of receiving mentorship from industry experts and accelerators.
4. Future collaborations opportunities were obtained.

The start-ups and the teams that worked hard for their respective entrepreneurship plans received a platform to share their ideas of development of our nation in the entrepreneurial world. The people who came across these start-ups online through our social media pages, received inspiration to convert their ideas into start-ups.

About the featured startup:
First Harvests
First Harvests aims to revolutionize the Indian fresh produce supply chain with cutting-edge technology. Operating in both B2B and B2C segments, we focus on solving problems unique to the fresh produce supply chain. We procure vegetables directly from farms and deliver to Consumers and Businesses.
We are consistently working towards reducing the farm to fork time, eliminating multiple intermediaries, and reducing wastage. Based in Jharkhand, we have currently launched out MVP in Bokaro, delivering vegetables at doorsteps.

Program/Activity Name: E-Summit'21
Program Theme:
Start Date: 12th Feb, 2021
End Date: 14th Feb, 2021
Number of Student Participants: 3000+
Mode of Event : Online

Overview

The E-Summit'21

Entrepreneurship is the paradigm that never goes down, never fails in the face of adversity, or so the pandemic has shown to us. During the pandemic, when the country was going through a state of woe, To bring back exuberance and euphoria in the lives of students,the Entrepreneurship Development Cell of BIT MESRA conducted its Mega Annual Fest- E Summit'21 with its dynamic theme of 'A New Norm', to equip their minds with confidence and spirits to face the tough times.

The country witnessed the latest edition of India's largest E-Summit from 12th to 14th of March,2021.
With the tradition of BIT's E-Summit to turn the table with creativity and dynamism, a plethora of diverse events was witnessed from multiple realms for students to Innovate, evaluate, analyze, inspire and cultivate the sense of belief in "being the change."

The events included:
Bplan, Wolf of Birla Street, Moneyball, Football Auction, IPL Auction, Boardroom, Storage Wars, House of Cards, Pitch Please, Monopoly, Asiimov, Poker, Movie nights, and Crypto Trading. This assortion of events made sure to reinvigorate the young minds while sharpening their entrepreneurial mindset.

The E-Summit'21 welcomed a profusion of speakers from various fields to ensure the healthy development of the culture of entrepreneurship among the students.
The speakers included:
Aman Dhattarwal (renowned YouTuber), Anand Verma(Founder-Fasal, Forbes 30 under 30), Sanjeev Mohanty(MD-Levi Strauss & Co.), Abhinav Sinha(Co-founder -Eko), Pawan Kumar Rai(Co-founder - Finshots, Ditto), Vineet Barnwal (India's leading campus trainer and coach), Ayush Jaiswal(Founder-Pesto), Sridher Jeyachandran(Co-founder - Crio. do), Richa Srivastava(Managing Partner, Maker's Asylum)

India witnessed the experience of changing times with BIT Mesra's E-Summit'21 which successfully created a flourishing mark in the entrepreneurship culture of India.

Objective

A webinar by Mr. Prabhakar Tiwari, Chief Growth Officer of Angel Broking, to help students on purchase of under priced stocks and identities and to explore risk aspects of the markets.

Benefits in terms of learning/skills/knowledge obtained

The webinar was about to provide the key insights on day trading and value investing the two most speculative strategies of the world of finance with Mr. Prabhakar Tiwari.He elaborated on the intricacies of investing in a reasonable way focusing in length on the following :

1. Explained about technicalities like candle stick charts ,etc. and terms like “Futures and Options”.
2. Risks of day trading and how to minimize the risks in day trading.
3. Detailed explanation of value investing and its prerequisites.
4.Researching before investing , diversifying portfolio and looking for safe and steady returns.
5. Merits and demerits of value investing , doing fundamental analysis , reading financial statements
6. Interestingly differentiating between Day Trading and Value Investing.

DAY TRADING VS VALUE INVESTING || ANGEL BROKING || MR. PRABHAKAR TIWARI
Prabhakar Tiwari /Management/ABL is presenting
Merits and Demerits of Value Investing
Angel Broking
Merits
1. High profits: Can generate spectacular gain. Buy stocks underpriced and sell above intrinsic value
2. Low risks, high reward: Risk/reward ratio of a value stock is favourable, provided the stock is evaluated properly
3. Cool approach: Based on a profound fundamental analysis, rather than emotions. Evaluate multiple metrics like P/E, P/B, D/E, etc.
4. The power of compounding: Your investments increase dramatically if you reinvest dividends and returns
Demerits
1. Difficult to identify: Estimating the intrinsic value requires a certain level of expertise and not every investor has it
2. Patience: Value investing requires patience from the investors. But in the end, it may give high rewards
3. Rowing against the stream: Value investing requires self-confidence meaning that you'll have to go against the flow
4. Poor Diversification: committing funds to few sectors only means that a portfolio is poorly diversified, thus exposed to substantial risks.

Prabhakar Tiwari /Management/ABL is presenting
Day Trading v/s Value Investing
Angel Broking
Day Trading
Value Investing
1. Goal is to generate returns by buying at low and selling at high on the same trading day
1. The goal is to gradually build wealth over an extended period of time through the buying and holding stocks
2. More frequent transactions, such as the buying and selling of stocks, commodities, currency pairs, or other instruments
2. Investments often are held for a period of years, or even decades, taking advantage of perks like interest, dividends
3. High risk, high reward in short term period
3. Low risk, high reward is involved in value investing
4. Technical analysis, risk taking appetite is needed from trader
4. Good knowledge of fundamental analysis and patience is needed from investor

REC
Prabhakar Tiwari /Management/ABL is presenting
Value Investing prerequisites
Angel Broking
Do your research
• Analyze and understand the company before buying
• Understand its long-term plans, business principles, financial structure, management
Diversify
• "Don't put all your eggs in one basket"
• Different types of investments in their portfolios. Protects from serious losses
Look for safe and steady returns
• Aim for consistency instead of seeking immediate, market-beating returns
• Be happy with low-risk, consistent returns on their investments, year after year.

Prabhakar Tiwari /Management/ABL is presenting
Reading Annual Reports of a company
Angel Broking
How to read the annual reports of a company
• Is prepared by the management of the company itself. It gets into the details of the multiple facets of a company.
• Information on the performance of the company in the past one year.
• Highlights the financial as well as non-financial performance metrics.
• Give overview of the industry that the company operates in for the coming future
• Company's financial statements showcased
How to Decode Annual Reports?

ACTIVITY REPORT 2020-2021

Aerospace society is a matrix organisation which conducts Aero-Talk series, workshops, seminars.The objective of this society is to raise awareness and to ignite interest in the field of aviation and aerodynamics and in order to raise such awareness,the society through its constant endeavour has encouraged the teams to participate in various competitions such as the contentious SAE Aero Design Challenge, Boeing-IIT Aeromodelling competition, Water Rocket challenge and Quadcopter challenge.In coming future, the society proposes to engage in Atal Innovation, Smart India Hackathon and DRDO organized events. They also aim to make BIT an eminent institution in the field of aerospace by representing it at several platforms. Each and every student in the aerospace society aims to bring success to this institution and reach the goals they have set for themselves.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: WEBINAR ON LAUNCH VEHICLE AERODYNAMIC

23rd August, 2020

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Google Meet
Duration	1 Day
Organizing Members	K18, K17
Number of participants	50+

The topic of the webinar: Launch Vehicle Aerodynamics
Date: 23rd August, 2020
Time: 11.00 AM Onwards
Platform: Google Meet

The Aerospace Society of Birla Institute of Technology, Mesra, on 23rd August, 2020 at 11.00 A.M, under the guidance of Dr. Priyank Kumar, Professor in charge of the society, inaugurated the first event of the Aero Talk Series. The topic of the event was Launch Vehicle Aerodynamics. There were more than 50 attendees in the webinar consisting of students from under graduation, post-graduation and PhDs from different departments, such as Space engineering and rocketry, Mechanical,

Production, Chemical, etc. The speaker of the event was Shri Mohan Prasath, BIT Alumnus, M.E. Aerospace. He boasts of more than 13 years of experience in the experimental Aerodynamics division in Vikram Sarabhai Space Centre as Scientist F and has extensive experience in the field of wind tunnel testing.

The session started with the discussion on Indian Launch Vehicle Evolution, he thoroughly explained the topic by giving the chronological order of evaluation of

sounding rockets in early 1960–70s to SLV-3, ASLV in 1980s, and PLSV in 1990s, and now to GSLV MK III. Then he moved on to explain satellites, its history and evaluation, its types and its efficiency.

He further threw light on launch vehicle design, launch vehicle aerodynamics, aerodynamics- its characterization and database generation, Cornerstones of Aerodynamic Analysis, Wind Tunnel Testing its testing procedures, Typical Wind Tunnel Tests and Configuration changes from Wind tunnel tests.

He also spoke about the Typical Launch Cost Breakup, major technologies required for Reusable Launch Vehicle, Aero Design and Characterization approach and

Wind body Aerodynamic Characterization. He then explained to us about the

famous launch missions such as RLV-TD HEX-01, Chandrayaan-1, Mangalyaan, Chandrayaan-2 and Space capsule recovery experiment. Lastly he expressed his take on the following questions

1. What is the origin of the solar system?

2. Are we alone in this universe or do other intelligences exist?

3. Do other stars have planetary systems?

4. What threat to Earth's existence should be taken care of?

5. Is exploration necessary for survival of life on earth?

6. Can India alone afford to pursue its research or want countries like the US, Japan, China to take the lead?

The discussion was concluded by clearing the doubts of attendees, such as major differences between testing of real life models and scale models, Aerodynamic problems during lift off and landing of Reusable vehicles, Software used, etc. The meeting was brought to an end with a vote of thanks from the President of the club, Y Tarun Raghav, on behalf of the Aerospace Society and feedback of the webinar was taken from all the participants at the end of the session. After getting positive feedback from participants, we decided to continue the Aero Talk Series, by inviting more scientists and icons of the aerospace industry in this academic year.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: DISCUSSION ON DIFFERENT AIRCRAFT DESIGNS

11 th August, 2020

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Zoom
Duration	1 Day
Organizing Members	K18, K17
Number of participants	40+

The topic of the webinar: Discussion on Different Aircraft Designs
Time: 11.00 AM Onwards
Platform: Zoom

A discussion on preliminaries in Designing Different Aircrafts was held on 11th September by the Aerospace Society of Birla Institute of Technology, Mesra under the counsel of Dr. Priyank Kumar, Professor in charge of Aerospace Society. The elocutionist of the event was S.K. Karthick (M.E., Ph.D. and A.RAeS). He is a scientific researcher in the field of Aerodynamics. His areas of research interest broadly include high-speed flows, high-speed imaging, image processing, noise reduction, supersonic gaseous mixing and advanced optical flow diagnostics.

There were more than 50 attendees in the webinar consisting of PhD, undergraduate and postgraduate students from different departments such as Space engineering and rocketry, Mechanical, Production, Chemical, etc.

The discussion started with 4 wheelers as it was easier for us to understand why/how to select 4 wheelers based on Job intended, Power, Fuel Consumption and minimum turning radius, thereby he went on the topic of how we select our aircrafts so as to create a correlation between them.

He talked about the vital parameters such as Mission profile, Thrust to weight Ratio, Lift to drag ratio, wing loading etc. and went on to describe each of the parameters in the following discussion and even compared different aircrafts and birds to give us a clear understanding and importance of these parameters based on the requirements i.e. T/W ratio helps in climbing flights so for Space Shuttle the T/W ratio is higher compared to Airbus A380.

He even gave us an example to explain the importance of these parameters by the infamous landing and take-off of B747 Saudi Airlines in which the pilot had mistakenly landed the flight at the Indian Air Force runway instead of Chennai International Airport. The runway of this airport was smaller compared to the runway required by the jumbo jet so the wing loading (changes in wing loading

affect take-off distance) had to be lowered to maintain the length of the runway, which was done by removing extra weight from the flight.

The discussion was concluded by clearing the doubts of the students which included future careers in the aerospace industry. He motivated us by saying that the aerospace Industry is not just limited to aeronautics and aerodynamics, but in fact is an interdisciplinary industry which includes engineering branches like mechanical, chemical, electronics, electrical; and anyone can contribute while working on their respective fields. The meeting was brought to an end with a vote of thanks from Ruchi Ruchika (Vice President of Aerospace Society) on behalf of the Aerospace Society and its members.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: WEBINAR ON SATELLITE REMOTE SENSING AND GIS INDIAN SPACE STARTUP ECOSYSTEM AND RISING OPPORTUNITIES

7th November, 2020

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Google Meet
Duration	1 day
Organizing Members	K18, K17
Number of participants	40+

The topic of the webinar: Satellite Remote Sensing and GIS Indian space start-up ecosystem and rising opportunities
Time: 6:00 PM Onwards
Platform: Google Meet

A discussion on Satellite remote sensing and GIS Indian Space Start-up ecosystem Rising Opportunities was organized by Aerospace Society, Birla Institute of Technology, Mesra, on 7th November, 2020, at 6.00 PM, virtually on Google Meet, under the guidance of Dr. Priyank Kumar, Professor in charge of Aerospace Society. There were more than 50 participants in the webinar consisting of students of PhD, Undergraduate and Postgraduate from different departments such as Space engineering and rocketry, Mechanical, Production, Chemical, etc. This was the third event under the Aero Talk series.

The speaker of the event was Ankit Bhateja (Entrepreneur, Researcher, TEDx Speaker) Alumnus of Kurukshetra University, Haryana. He is the founder of Xovian Aerospace which provides a platform for innovation in Space Science. Xovian also provides space science education to the economically backward schools and colleges and has come up with the cheapest CANSAT module for the Asia-Pacific economy. It has been featured in the Ministry of Defence

"Pioneering Defence Innovations of India" in the MSME/Start-up Directory and has also won the Karnataka Government's "Elevate 100" competition. Apart from that It was one of 16 start-ups selected from India to showcase their technology at the U.S- India Defence Ties Conference.

Ankit Bhateja is bestowed with a fellowship at SAM Global and has been invited as a guest speaker and interacted with many prestigious

Universities/Institutes across India including IIT's and NIT's covering

almost 4000 students so far. His area of research also includes "Use of Collaborative Drones for orthographic imaging" and has a great experience in the field of graphic and product design.

The session started with the discussion on the different categories of satellites. He explained about the different affordable student satellite modules- space based education modules for the academia/ hobbyists/ researchers. Under this category, he briefly explained the CANSAT Module, BALLOONSAT Module, and SMALLSAT Module. He threw light on the satellite technologies, such as small satellite solutions and passive radar satellite constellations. He briefed us about different kinds of
satellites most companies in the industry are working on and how exciting the future of this industry will be.
He further went on to talk about the project they are working on known as the passive radar satellite constellation. Environmental degradation and climate change causes global warming, dramatic rise in sea temperatures, wildfires, soil erosion etc. Satellites present in the earth's orbits monitor this phenomenon. But Satellites are bulky, costly and have a limited area under observation. So scientists from Xovian have come up with the idea where multiple satellites will be present in the lower earth orbitals and will use reflection of existing navigation satellites to provide real time data on what is happening on earth's surface. These satellites can be used in oil and gas exploration, defence applications and many other areas. So multiple small satellites (as small as a shoe box) can be placed in orbit with minimum cost, covering a huge area.
The discussion concluded with an interactive session where questions were asked by the participants and discussed in detail. Questions related to start-up in the field of satellites, challenges faced in the industry, start-up and satellite policies in our country and other countries, what is scope and opportunity in the industry. He suggested engineers from different branches, from where they can gain knowledge and learn more about the Space Sector. Career related questions were also discussed where students got information according to their background on what subjects and skill sets to learn to easily get recruited by companies in this field.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: WEBINAR ON INDIAN INSTITUTION CONNECTS FOR ADDRESSING THE SOCIO ECONOMIC CHALLENGES OF NATION

25th November, 2020

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Microsoft Teams
Duration	1 Day
Organizing Members	K18, K17
Number of participants	40+

The topic of the webinar: Institution Innovation connects for addressing the socio-economic challenges of the nation.
Time: 11.00 AM Onwards
Platform: Google Meet

Dr. Vipin Kumar is the Director and Chief Innovation Officer at National Innovation Foundation –India (NIF), an institution of the Department of Science and Technology (DST), Government of India. His area of research and action interests are incubation and promotion of inclusive and frugal innovations by way of value addition, intellectual property protection, business development, commercialization and developing open source technologies for generation of employment opportunities for many. He incubated several innovative technologies which made their way to the domestic and international market. Dr. Kumar published over 100 research and review papers in the journals of national and international repute.

He has served as Chairperson of various Committees of the Union and State Government as well as the Governing Board / Executive Committee Member of various prestigious Institutions. The Session was organized on 25th November, 2020 at 11AM virtually on Google Meet platform. It was attended by more than 75 members; including HODs of all departments, professors, assistant professors and research scholars of various departments.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

based medicine, apples to be grown on plain areas, adjustable walkers for elderly, etc. He shared the information of the IGNITE competition by the DST(Department of Space Technology, Government of India) where around 10 lakh ideas were received and further rounds were shortlisted to 60 for incubation. He claims that this is the largest such competition in the world. The main goal through this competition was to

encourage creativity, out of box thinking, logical decision making, critical thinking and innovation among school children.

India's Innovation rank has improved from 81 in 2015 to 48 in 2020. By taking

more such steps we can improve innovation and develop the country. He concluded by saying that the main goal of start-ups and innovations are actually to reach out to the masses and help them in making their lives better. Open source technology and platforms can be used to benefit all sections of society so that everyone gets the opportunity to utilize it.

The session was followed by another talk by Dr Priyank Kumar, Member IIC for the orientation session on National Innovation and start up policy for faculty and students of higher educational institutions. He is currently working as an Asst professor in the Space Engineering and Rocketry department. He has an experience of 13 years in the field of Aerodynamics.

The talk started with Dr Kumar discussing the need for concrete strategies for incubation of start-ups. Different ideas to motivate students and reduce obstacles like hierarchical barriers, promote individual autonomy, organise more workshops and sessions to motivate students, encourage international collaborations, etc. were discussed in detail.

Then different ideas related to developing necessary infrastructure had been discussed like setting up of EDC, SDC, IEDC IIC, innovation cell and such organisations to promote innovation and start-up culture. He urged that faculty members have a major role to play in mentoring start-ups and they must be encouraged to nurture students' start-ups.

Further, the need to update the institute IPR laws, NISP according to changing needs was discussed. Academic and non-academic incentives and other awards need to be given to encourage entrepreneurship. Lastly, the speech was concluded with the quote by Richard Turing, “Innovation is not about technology but instead the relation of people to technology.”

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: CAD WORKSHOP ON SOLIDWORKS

29th and 31st January, 2021

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Microsoft Teams
Duration	2 Days
Organizing Members	K18, K17
Number of participants	40+

The topic of the webinar: A CAD workshop on Solidworks
Time: 6.00 PM Onwards
Platform: Microsoft Teams

DESCRIPTION:
A CAD workshop on SolidWorks was conducted by the Aerospace Society, Birla Institute of Technology, Mesra for the k19s and k20s new recruits of the club. It was a two-day, three hours session, virtual workshop led by the senior members of the club. This was the first workshop of the new academic year. The first session was organised on 29th January, 2021 and the workshop was then concluded with the second session on 31st January, 2021.

There were more than 40 attendees in the webinar consisting of undergraduate and postgraduate students from different departments such as Mechanical, Production, Chemical, Space Engineering and Rocketry, etc. The main objective of the workshop was to give students hands-on experience to the industry grade software. All workshop attendees were provided with the software and the essential reading resources. Assignments related to the topics discussed were also given.

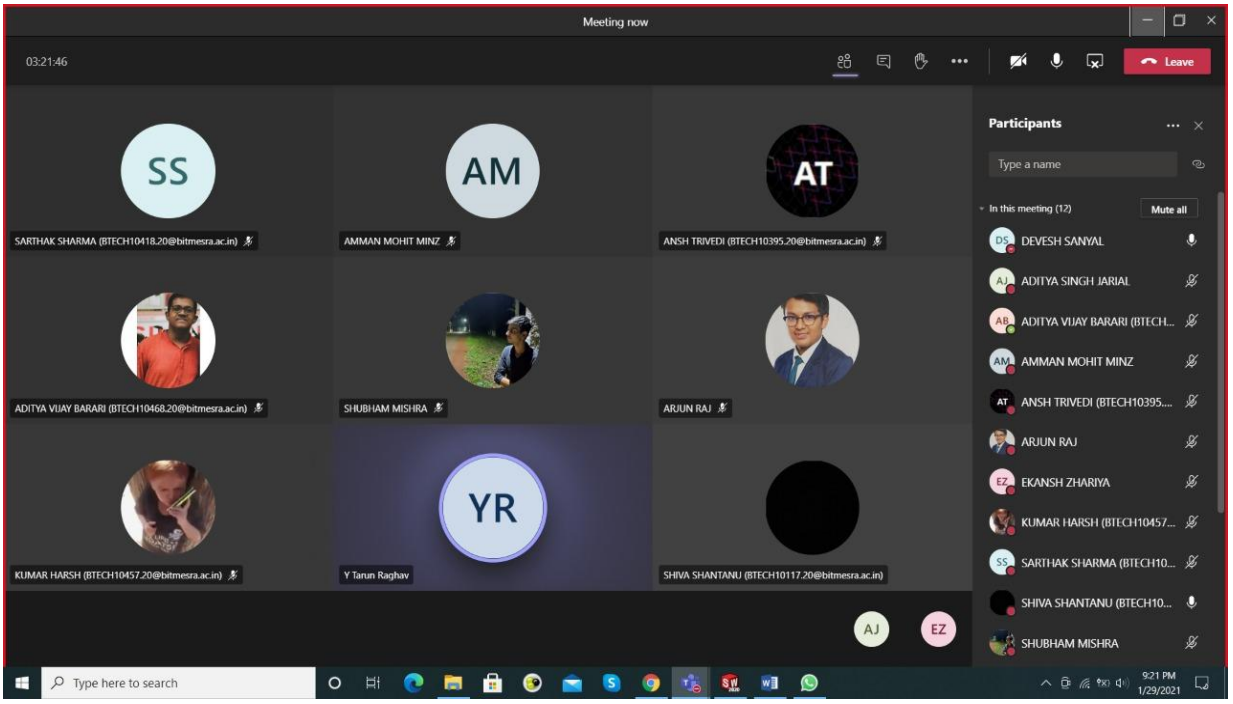
DAY 1 (29th January,2021)

The session started with the basics of the software, to acquaint the participants with

the necessary information such as planes, origin, sketching of various kinds of objects like lines, perimeter circle, corner rectangle and polygon. Further light was thrown on vital parameters like addition of linear sketch pattern, basics of fillets function, basics of extrude function, etc. The webinar was concluded with the clearing the doubts of the attendees.

DAY 2 (31st January,2021)

The second session started with a quick recap of the previous session and then the participants were taught how to assemble different parts. Further they were tutored on different topics such as the difference between chamfer and fillet, mating of different parts with respect to other parts (types of mechanical mates followed by advanced mates). Lastly, the toolbox features, their functionalities, some insights about how to work on the appearance and how to present the final assembly were very well explained by the senior members of the Aerospace Society.The workshop was winded up by discussing assignments, future prospects of the software, miscellaneous topics and taking feedback from the participants.



Some visuals of the workshop:

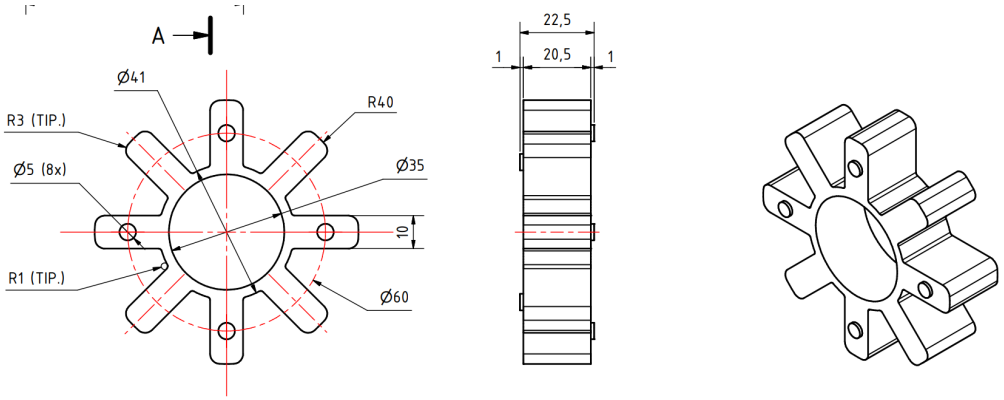


Fig 2:- Drawings of the Part discussed with attendees.

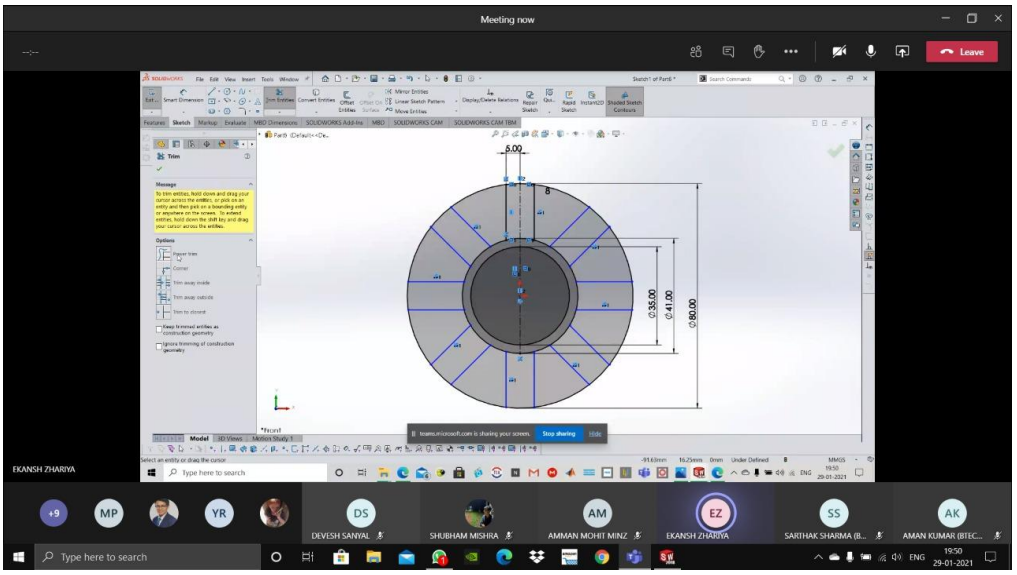

Fig 3:- Designing of the part in process, during the session

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: WEBINAR ON AEROSPACE APPLICATION IN INDIAN CONTEXT

13th February, 2021

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Google Meet
Duration	2 Hours
Organizing Members	k19,k18,k17s
Number of participants	30+

The topic of the webinar: Aerospace Application in Indian Context
Time: 4.00 PM Onwards
Platform: Google Meet

INTRODUCTION:

This was a conjunction with Prof. ASHOK BAKSHI , who has been actively involved in the aerospace research and design field for the last 37 years. He has worked in ISRO for 21 years. During his tenure at VSSC, he was involved in ASLV, PSLV and GSLV projects in system design and analysis. He is currently a professor at the IIAEM,Jain University in Bangalore. There were more than 30 attendees in the webinar consisting of undergraduate and postgraduate students from different departments of the Institution. The main objective of the session was to make students familiar with the achievements and growth of the Aerospace Industry In India.

OVERVIEW AND TOPICS OF DISCUSSION:

The session started with a brief history of the Aviation industry. Military applications in the field of aviation started in the 1940's ,where Germany was in the lead.This industry has been the fastest RND area since years. Aerospace engineering planted its roots in the 1980's. In 1945 onwards,there was an ample

jump in technology and engineering.

Soon he introduced the students to the endeavours and leaps that his later organisation has made in the past few decades and how they surpassed their Vision

2020. IRNSS was one of the key highlights of the webinar. He went on to discuss how the various satellites launched by the ISRO help in various fields like earth observation, determining probable fishing zones,weather forecast etc.

He went on to speak about India's outer space missions like the Chandrayaan 1,2 and Mangalyaan. He also gave insights of the various launch vehicles that the ISRO has been using for various tests and missions.

A number of salient features of the PSLV,GSLV mk1,2 were discussed. He also spoke about space capsule recovery and the future prospects that The ISRO has in its mind. Following this,he shared a presentation involving the above mentioned topics.

He also spoke how International cooperation in the aerospace industry is crucial and important- how the ROSCOSMOS(Russian Aviation and Space Agency) are training two IAF fighter pilots for India’s First Manned Aerial Flight Mission, Gaganyaan.

The session was wound up by Y Tarun Raghav followed by an interactive question and answer session and feedback of the webinar was taken from the attendees.
Some visuals of the workshop:

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

NAME OF EVENT: IMAGINING TOMORROW THROUGH ENGINEERING

27th February, 2021

Organized under Program/Bodies/Club/etc.	Aerospace Society, BIT Mesra
Platform	Microsoft Teams
Duration	1 hour
Organizing Members	k19,k18,k17s
Number of participants	50

The topic of the webinar: Imagining tomorrow through Engineering
Time: 4.00 PM Onwards
Platform: Microsoft Teams

INTRODUCTION:

This was in conjunction with Vivek Lall, a prominent Indian-American aerospace and defence expert who played key roles in some of the major defence deals between India and the US, has been appointed as the Chief Executive of General Atomics Global Corporation at its headquarters in San Diego, California.

OVERVIEW AND TOPICS OF DISCUSSION:

The advancement in technology has radically modified the conduct and deportment across generations. These alterations are governed by the momentum of science that is continually impelling engineers in novel directions towards a future full of countless and diversified opportunities.

The Aerospace Society, BIT Mesra organized an interactive webinar on the topic 'Imagining tomorrow through engineering' on 27th February, 2021. The event was conducted in order to focus on the relevant skills for innovation and scientific temperament in the field of engineering.

AEROSPACE SOCIETY

BIRLA INSTITUTE OF TECHNOLOGY, MESRA

The guest speaker for the event was Dr. Vivek Lall, a renowned Aerospace and Defence Leader. He has been appointed as Chief Executive of US defence and nuclear giant General Atomics Global Corporation. Prior to his joining at General Atomics, Dr. Lall worked with Lockheed Martin till April this year and held key positions with Boeing and Reliance as well.

The webinar commenced at 10:00 A.M. on Microsoft teams platform with a

welcome speech by the Dean of Students Affairs, Dr. Anand K. Sinha, who then addressed the students. Following this, the moderator of the event and faculty advisor to Aerospace Society, Dr. Priyank Kumar welcomed the guest speaker. Dr. Lall took over the session by sharing his company General Atomics' history and several divisions of General Atomics such as Gulf General Atomics, Gulf Royal Dutch Cell and General Atomics (Division of general dynamics). He conveyed that General Atomics and its affiliated companies now constitute one of the world's leading resources of high technology systems ranging from the nuclear fuel cycle to electromagnetic systems, remotely operated surveillance aircraft, airborne sensors and advanced electronic, wireless and laser technologies. The company now has over 60 training research centres in different countries all over the world, including branches in the US, Australia, India, France, Japan and the Middle East as well.

He further enlightened the students on ITER 'The Way' to New Energy, one of the largest scientific programmes in history. Dr. Lall stated that its main objective was to demonstrate the scientific and technological feasibility of fusion power, a potentially limitless source of fuel energy. ITER was the first fusion device to demonstrate several integrated technologies. He explained how General Atomics is a key partner in ITER as well, an international nuclear fusion research and engineering project. And along with worldwide collaborations, General Atomics encompasses many areas such as Aircraft Launch and recovery systems, satellites and space systems, laser weapon systems, railgun weapon systems and many more.

He went on to the Inertial Fusion Technology Division, which covers the components like Fabrication, Microfabrication, National Ignition Facility (NIF) and in the field of Diagnostics as well. Dr. Lall described how General Atomics Electromagnetic Systems Group works on one of the core technologies like Aircraft Launch and Recovery Systems, Satellites and space systems, Laser Weapon Systems, Railgun Weapon Systems, Batteries, Power and Energy Systems and Hazardous Waste Destructions. He also discussed Nuclear Thermal propulsion, which is nowadays another area of increasing interest. General Atomics is expanding its space system rapidly in a systematic manner. He went on to explain how the companies are unlocking the capability of Space Nuclear Thermal Propulsion (NTP) and that General Atomics was also involved with NASA's project rover in 1960. It was the first program to demonstrate the feasibility of space-based NTP. Later, in 1965, the company was directly involved in Nuclear Fuel Testing and

characterization for the SNAP-10A reactor which is the only nuclear power reactor

launched into space. Dr. Lall spoke about one of the most interesting vehicles, the Unmanned air systems i.e Remotely Piloted Aircraft (RPA). General Atomics Aeronautical Systems. MQ-9B SkyGuardian/ SeaGuardian, delivering unmatched agility and superior persistent situational awareness over land and sea. This division has now crossed nearly 7 Million flight hours, he stated. The SkyGuardian flew as part of a NASA demonstration.

In a Q&A session conducted subsequently, Dr. Lall answered students' queries on the challenges faced by the Fusion Reactors and their future. He mentioned that using reactors to deliver the technology in a cost-effective manner is a major challenge faced.

When being asked how General Atomics today is a world leader in Unmanned Aerial Vehicle (UAV) technology ahead of fellow companies like Boeing and Rocket market, he stated that General Atomics started working in Artificial Intelligence and Machine Learning much before these companies, and this is the sole reason General Atomics is ahead of its fellow competitors.

He then gave some career insights to the students through a personal story about how he developed an interest in airplane performance and soon it became his passion while he was working with a professor on a thesis in his final year in mechanical engineering.

He emphasised on the significance of a mentor for an all-inclusive development of a student. Adding to the aforesaid, he highlighted how his faculty members played a pivotal role in catalyzing his way through the labyrinth. Focussing on how innovation plays a key factor for any startup to blossom, Dr. Lall further briefed the attendees on his perspectives about the latter. He conferred about the gravity of striving earnestly and endeavoring consistently while also trying out new things to get one's aim fulfilled. He stated that startups have a fail-fast concept and stressed upon the importance of taking risks while one aspires for their goals. He added that he found it intriguing when he witnessed young people taking risks and that the onus lies in the hands of the current generation to hustle and learn during this enervating process. Concluding his insightful talk, he said that his company took interns from over 50 universities and has been successfully creating an ecosystem of future scientists and engineers.

The event concluded with Y. Tarun Raghav, President of Aerospace Society, culminated the session with a vote of thanks to the guest speaker and Dean of Student Affairs, and a special thanks to Dr. Priyank Kumar, who played a pivotal role to make the session a huge success.
