|  | The course objectives are clearly defined and discussed in the class.  The course objectives are incorporated in the syllabus properly.  The syllabus is able to achieve course outcomes.  The syllabus of the course is well organised to meet Industrial/Academic needs.  The syllabus is a balanced combination of fundamental and applied knowledge.  The distribution of the classes allotted to different modules is appropriate.  Books related to the course are available in the library.  Examination pattern covers all modules of the syllabus.  The course is well aligned with similar courses in other Institutes/Universities.  The course is designed such that it could be taught by using ICT tools.  The course is useful in the preparation of NET/GATE/JEST or similar competitive examination. |

The syllabus of the course is well organised to meet Industrial/Academic needs. The syllabus is a balanced combination of fundamental and applied knowledge. The distribution of the classes allotted to different modules is appropriate.

The course is well aligned with similar courses in other Institutes/Universities.

The course is designed such that it could be taught by using ICT tools.

Books related to the course are available in the library.

Examination pattern covers all modules of the syllabus.
