Workshop on – Artificial Intelligence and Machine Learning
Date -6 & 7th March 2024

A two-day AI/ML workshop was organized to explore the new technologies by computer science department faculty coordinator Dr. Archana Bhatnagar and students on 6-7th March 2024 under GDSC (Google development for students' club). The aim of this event was to provide participants with hands-on experience and insights into the latest advancements in AI & ML technologies.

During the course, attendees not only got an interactive platform for exploring the essentials by engaging in a series of interactive sessions, discussions, practical activities but also bridging the gap between theoretical knowledge and practical application led by industry experts and seasoned practitioners.

Overall, the AI & ML workshop was a resounding success, leaving attendees inspired and equipped to make meaningful contributions to the rapidly evolving field of artificial intelligence. The participants were guided to explore the depths of AI & ML, empowering them with practical insights and essential skills required for this domain of technology & innovation.

Faculty Coordinator – Dr. Archana Bhatnagar   **Student Coordinators– Aditya Arya**
