

Workshop - "Unlocking Web Development" Date -21st March 2024

Unlocking Web development: A workshop was organized to share the web development technologies with the students by students on 21st March under GDSC and coding club of computer Science department at Off-Campus, Jaipur. The primary goal was to empower students with practical knowledge and skills in web development. Through hands-on workshops, participants gained proficiency in coding languages, frameworks, and best practices.

This student-led workshop was designed to bridge the gap between theoretical knowledge and practical application in web development, offering an interactive platform for attendees to explore essential web development skills. Participants engaged in informative sessions, guided tutorials, and collaborative projects on HTML, CSS, JavaScript, and more.

The poster is yellow and features the Google Developer Student Clubs logo at the top left and the Birla Institute of Technology logo at the top right. The main title "UNLOCKING WEB - DEVELOPMENT" is in large blue letters. Below the title, it says "21st March, 2024 3-30 PM" and "BIT Mesra, Jaipur Campus". There is a "let's build" tagline and an illustration of a person coding at a desk surrounded by various programming icons like PHP, Python, and JavaScript. At the bottom, there are social media links for GDSC and BIT Mesra, and a list of coordinators: Radheyshree Agarwal (GDSC Lead) and Palash Chatterjee (GDSC Co-Lead).

Whether they were novices eager to start coding or enthusiasts looking to refine their skills, "Unlocking Web Development" promised to open doors to new possibilities in the ever-evolving field of web development. Participants joined us on this educational journey to pave the way for a brighter future in technology.

Faculty Coordinator – Mr. Santosh Agarwal

Student Coordinators– Radheyshree & Palash Chatterjee
