About BIT Mesra

BIT Mesra, one of the oldest Institute of Technology in independent India, founded in 1955 by the visionary industrialist and philanthropist Mr. B.M. Birla. Inhabited in Ranchi, Jharkhand, BIT Mesra has celebrated its platinum jubilee this year. In more than six decades of its glorious existence, this Institute, recognized by the University Grants Commission (UGC) as a deemed to be University in 1986 under section 3 of the UGC Act 1956, has emerged as one of the top most self-financed or private Engineering Institution catering to both traditional engineering disciplines and emerging technological domains with firm foundation in fundamental sciences and orientation toward modern innovations and applications.

About the Department

The Department of Pharmaceutical Sciences and Technology has celebrated Golden Jubilee as it was established in 1972. BIT Mesra is a robust scientific community with highly qualified & competent faculties, postgraduate students, research fellows and visiting scientists. The department is well equipped with state-of-the-art infrastructural facilities for teaching and research.

Objectives of the Program

The objective of the RESEARCH SCHOLARS' DAY organized by the Department of Pharmaceutical Sciences and Technology is to promote a collaborative and knowledge-sharing environment. This event aims to facilitate the exchange of research findings, ideas, and expertise among scholars, fostering a culture of innovation and academic excellence within the pharmaceutical sciences and technology community. PHARMACON also offers a platform for BPharm students from universities and colleges across Jharkhand to showcase their talents through a variety of co-scholastic activities, including education, sports, and cultural performances.
